VARNA BOMBARDED DEDEAGATCH NEXT

Anglo-French Fleet is Off Bulgaria's Port on Aegean Sea

SHELLS HURLED INTO PORT ON BLACK SEA

Serbian Army Aided by Flood Conditions in Valley of Morava

Amsterdam, Oct. 8.—The Cologne Gazette reports that two Russian cruisers are actively bombarding the Bulgarian port of Varna, on the Black Sea.

Athens, Oct. 8.—An Anglo-French fleet is reported off Dedegatch, Bulgaria's port on the Aegean Sea, preparing to bombard the fortifications.

Under Mackenzie.
London, Oct. 8.—The new Teutonic invasion of Serbia is in full swing now. Under command of Field-Marshal von Mackenzie, German and Austrian forces are seeking to push their way southward, with the Drina, the Save and the Danube rivers at their backs. In an attempt to seize the trunk railway stretching from Belgrade to both Salonica and Constantinople.

The next move lies with Bulgaria. Whether she will attack Serbia from the rear while the central powers are hammering at the northern and north-western gates, or maintain for the moment a watchful attitude, is a matter of surmise, but the situation is such that her entry into the war seems to be a matter only of hours.

Bombarding Varna.
Russian warships already are reported to be hurling shells at the Bulgarian port of Varna, on the Black Sea. French and British troops are being rushed northward from Salonica, Greece, by express trains. Meanwhile, at the point where the railway approaches closest to Bulgarian territory, both an allied and a Bulgarian army are massing.

It is reported from Italian sources that as a precaution the Serbian government is transferring all records and archives from Nish to Jettip, in Southern Serbia, about 50 miles from the Greek frontier.

Virtually made over in the matter of guns and equipment, and stiffened by British and French effective, it is predicted here that the Serbian army will offer stubborn resistance to the Austro-German advance. The Serbians will be assisted by the flooded conditions in the Morava valley, down which Field-Marshal von Mackenzie hopes to force his way.

The German official communication now carries the sub-caption: "Balkan Theatre of War." Indicating that these operations are to be chronicled daily. Estimates of the strength of the Austro-German forces along the Serbian frontier range from 400,000 to 600,000 men. There may have been withdrawals by the Austrians and Germans from some parts of the eastern front, but the renewed effort of Field-Marshal von Hindenburg to capture Dwinsk does not indicate any weakening of the forces under his command. Among the theories advanced now that Germany has definitely undertaken a fresh campaign in the Balkans is the supposition that activity on the southern and of the eastern front will slacken gradually and the Teutons will concentrate their energies on Riga and Dwinsk.

PEOPLE OF TURKEY
ARE GROWING BOLDER
Paris, Oct. 8.—A dispatch to the Havas Agency from Athens, dated Thursday, says:
"According to reliable information from Constantinople, the audacity of the Turks knows no bounds now that they feel a German attack on Serbia is imminent. Greeks, Russians and British are being treated severely, the representations of the American ambassador having proved ineffectual."

SCHOONER ERAVOIS IS
OVERDUE AT SYDNEY
Halifax, Oct. 8.—A message from C. H. Harvey, agent of the marine and fisheries department, states that the three-masted schooner Eravois is long overdue at Sydney with a cargo of hard coal from Vineyard.

\$100 EACH.
New York, Oct. 8.—Several of the 300 Irish passengers on the liner New York, which arrived here yesterday, stated that agents of Germany had given them \$100 each and free passage for leaving the country.

BLACK SEA PORT ATTACKED; AEGEAN PORT WILL BE SHELLED

REPLY BOLD TO THE VERGE OF INSOLENCE

Bulgaria Overlooks All Russia Has Done for Her in the Past

Petrograd, Oct. 8.—Bulgaria's reply to the Russian ultimatum is described here as "bold to the verge of insolence." In substance, Bulgaria denies that German officers are in the staffs of the Bulgarian army, but says that if they are present, that fact concerns only Bulgaria, which reserves the right to invite whomsoever it likes. Regarding acceptance of financial assistance from Germany, Bulgaria maintains the right to make loans wherever it pleases. As to the demand that relations be broken with the enemies of Slavdom, the Bulgarian government asserts that it is its privilege to choose friends to suit itself and join with any group it prefers. The general tenor of the reply is such as to indicate that the Bulgarian government has no objection to the withdrawal from Sofia of the diplomatic representatives of such powers as disapprove of its conduct. The Bulgarian minister at Petrograd, Michael Madjarow, has not asked for nor received his passports.

UNABLE TO REACH STEAMSHIP ALBERTA

C. P. R. Vessel Has Not Answered Wireless Calls; Storm on Lake Superior

Port Arthur, Oct. 8.—The C. P. R. passenger steamship Alberta was due at 6 o'clock this morning from Sault Ste. Marie. The local wireless station has been calling her all morning, but so far has been unable to reach her. The Soo wireless station also failed to get her.

The Huronic, which crossed the lake last night, arriving five hours late after battling with the heavy seas on Lake Superior last night.

The watch below of the engineer and fire hole was forced to leave their berths and spend a sleepless night on improvised beds of blankets and mats on the hatchways. Freight was tossed about and in some instances was thrown a distance of twenty feet. No one was injured.

AT NEW YORK.

Washington, Oct. 8.—President Wilson, accompanied by his fiancée, Mrs. Norman Galt, and members of his family, left for New York to-day, where the party will be entertained by Colonel E. M. House, the president's close friend, to-night, at a theatre party in honor of the announcement of the president's engagement.

KAISER IMAGINES FRANCE IS DOOMED

German Socialist Says He Saw Tears in His Eyes During Conversation

Berlin, Oct. 8.—Herr Anton Fendrich, well-known among German Socialists, describes in an article published in the Frankfurter Zeitung a conversation which he had with the Kaiser in the field. The main point revealed by Herr Fendrich is the declaration that the Kaiser is certain that France is doomed. The writer in this connection says:
"Nobody will suppose that the opinions of the Kaiser agree in all points with those of a man of the Left, but in two cases there was perfect accord between us. The first was when the conversation turned upon the French. Here the Kaiser's sorrow was my sorrow. The Kaiser speaks quite pure French and had hoped, like all of us, and especially us people from Baden, that with France first of all an agreement would be possible. We had grievously overestimated the Gallic nation as well as all other nations. The French are a people passing through their decadence. Their conduct of war is full of the most grievous horrors, full of such terrible things that only a private book of the war will ever be able to record them."
"For half an hour the Kaiser—with reluctance, but carried away by the horror of it all—narrated to me sworn facts about the behavior of French doctors, not only toward the enemy, but toward their own people. France is a doomed country. The tears which more than once came into the Kaiser's eyes as he told the tale were often tears of shame at such degradation in a people that had been thought to be still chivalrous and noble."
"The second happy point of agreement between the Kaiser and me showed itself when we talked about the meaning of the war. The meaning and purpose is the unification and purification of Germany, so that she may fulfill her world historic task of being the heart of Europe and of preparing the way for the spiritualization of European humanity. We are not all good, but we have the will to be good, and those who are sincere are permitted by God to succeed. These were the main ideas about the meaning of the war. An inner fire illuminated the conversation and it was as if outside the garden fresh children's voices were singing, 'Oh, Germany, high in honor, thou sacred land of loyalty!'"

A GENERAL AND MANY SOLDIERS WERE KILLED

Rome, Oct. 8.—A dispatch to the Idea Nazionale from Udine says:
"The fourteenth infantry regiment of the Austro-Hungarian army, mostly Hungarians, mutilated while being sent to the front from Innsbruck. Tired and hungry the soldiers refused to proceed. Capt. Zimmerli called General Darmes, at whom the soldiers sneered. Zimmerli then shot a soldier and this was the signal for a general fight. Many soldiers and General Darmes were killed."

"Sixty Hungarians are locked in the fortress at Tolbach."

No Protest Against Landing of Allied Troops at Salonica

ALEXANDER ZAIMIS
The new prime minister of Greece.

Athens, Oct. 8.—The official news agency announced to-day that there was no foundation for rumors circulated in some quarters that the new Greek cabinet intended to protest against the landing of allied troops on Greek soil.

UNWILLING TO GO TO AID OF SERBIA

King Constantine Approved of Mobilization for Purposes of Defence

SAID M. VENIZELOS WAS
CONTRADICTING HIMSELF

Paris, Oct. 8.—What purports to be details of the historic interview between King Constantine and Eleutherios Venizelos, which resulted in the latter's resignation as prime minister of Greece, are printed in the Greek Journal Kalevdo.
After agreeing to mobilization as a precaution involving no change of policy, the king asked the prime minister what was the object of the concentration of such a strong army on the Macedonian frontier. M. Venizelos answered that the object was two-fold: first to defend the country, and second, to go to the aid of Serbia in case she were attacked by Bulgaria.
For Defence.
The king then remarked that he agreed with Venizelos so far as defending the country was concerned, but could not see that Greece was called upon to help Serbia. The prime minister recalled the obligations imposed upon Greece by her treaty alliance, but Constantine retorted that when Greece had asked Serbia's aid against Turkey in May, 1914, it had been refused.
To further arguments on the part of M. Venizelos, the king replied that the prime minister was contradicting himself, for when the allied powers had asked Greece to assist Serbia at the time of the Austrian attack, M. Venizelos had made a promise of such assistance conditional upon the armed co-operation of Roumania and the benevolent neutrality of Bulgaria.
These conditions not having been pledged, the king pointed out, he had refused to join Serbia at a time when the Austrian forces arrayed against her did not exceed 150,000 and Bulgaria was not hostile.
"But to-day," added the king, "the Austro-Germans are a half million, to whom must be added 300,000 Bulgarians, and the retreat of the Russians prevents the Roumanians from doing anything for Serbia."

BULGARIAN SUBJECTS WILL BE INTERNED

Ottawa, Oct. 8.—Orders are being sent out to the various officers in charge of the registration and the internment camps for alien enemies throughout the Dominion to prepare to place Bulgarians under the terms of the regulation dealing with those of enemy nations. Every effort will be made to prevent such men leaving the country so that no reservists may have an opportunity to get away. There are upwards of 25,000 Bulgarians in the Dominion, most of them being engaged as laborers.

EXPECTS TO RETURN TO HIS OFFICE NEXT WEEK

Ottawa, Oct. 8.—Sir Wilfrid Laurier, who recently left the hospital after a serious operation for an ulcerated tooth, has recovered almost completely and is to be seen driving in his car every day. His condition has improved during the past few days particularly, and he expects to be back at his office next week.

NATION WHICH VIOLATED BELGIUM IS PROTESTING

Berlin, Oct. 8.—(Wireless.)—Germany has made formal protest to Greece regarding the landing of allied troops at Salonica. No reply has been received as yet.

WILL NOT OPPOSE THE NEW CABINET

Stated Venizelos Party Will Not Force Dissolution of Chamber

M. ZAIMIS WILL ASK
VOTE OF CONFIDENCE

King Constantine Approves of Stand Taken by New Administration

Paris, Oct. 8.—The supporters of former premier Venizelos, who constitute a majority in the Greek chamber of deputies, it has been learned from a high authority, says a Havas dispatch from Athens, "will not oppose the new ministry, so that added complications may be avoided at a critical period. Overthrow of the Zaimis cabinet would involve the dissolution of the chamber, which is considered as very hazardous as the Greek constitution does not permit the fixing of a date for elections during mobilization of the army."

All Night Session.
Athens, Oct. 8.—After an all-night session, the members of the Zaimis cabinet decided that the terms of the Serbo-Greek treaty do not require the intervention of Greece to defend Serbia. Accordingly, the cabinet drew up a programme which will be presented to the chamber of deputies on Monday.
The cabinet adjourned at daylight. M. Zaimis immediately thereafter conferred with King Constantine, who announced his hearty approval of the stand taken.
To Remain Neutral.
The cabinet wants Greece to remain absolutely neutral, but prepared for any eventuality.
As soon as the programme has been presented to the chamber of deputies on Monday, a vote of confidence will be asked. The Zaimis supporters assert that this will be given even should such action be opposed by the followers of M. Venizelos.
Semi-official statements say King Constantine does not believe the treaty requires support of Serbia by Greece in the present circumstances. M. Venizelos believing otherwise.

LIST OF DEPOSITORS WAS FILED TO-DAY

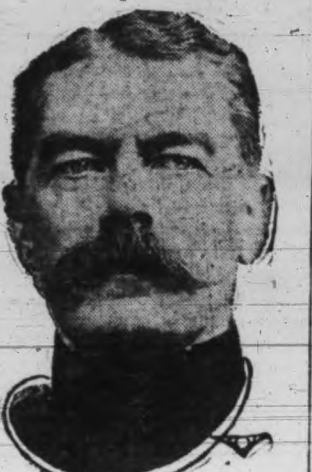

Liquidator of Dominion Trust Obeys Order Made by Mr. Justice Murphy

Vancouver, Oct. 8.—In fulfillment of the recent order made by Mr. Justice Murphy in the suit instituted by the Dominion Trust depositors to force an early settlement of their claim to be admitted as creditors of the liquidation, the full list of depositors was filed this morning in the supreme court by Andrew Stewart, the liquidator. The full list of claims filed amounts to \$1,917,361 for the branches at Calgary, Charlottetown, Regina, Winnipeg, Vancouver, New Westminster, Victoria, and Vancouver.
There are over 4,000 accounts in the list, thus making the average amount of each account about \$225. The Vancouver deposits total \$437,742, Nanaimo \$95,970, New Westminster \$45,336 and Victoria \$94,774.
For convenience in settling the legal questions that will arise out of the conflict of charter authority arising out of the several changes of charter powers in the last two years of the company's operations, the liquidator's staff has divided all of the British Columbia deposits into three columns, showing the amount held which was paid in between March 4, 1914, and the time the company closed its doors; the amount paid in between March 3, 1913 and March 3, 1914, while the company was operating under its Dominion and provincial charters without the provincial deposit powers being repealed, and the period prior to March 3, 1913, before the company changed to its new Dominion charter.

BISHOP MATHIEU MAY SUCCEED LANGEVIN

Winnipeg, Oct. 8.—Reports emanating from the bishop's palace at St. Boniface, repeated by prominent citysmen, are to the effect that a successor to the late Archbishop Langevin has been selected by the pope. It will not be long before the appointment is made public. Rumor has it that Bishop Mathieu, of Regina, is the selection.

Is Earl Kitchener About to Carry Out Expected Great Coup?

Paris, Oct. 8.—British troops are preparing to make a landing on the Belgian coast in the region between Ostend and the frontier of Holland, according to information that came from neutral sources. The Germans were making preparations to resist the landing, when the information was sent.

ARTILLERY ACTIONS NORTH OF ARRAS

Germans Bombarded Violently Some of French Positions in Champagne

FRENCH BATTERIES REPLIED WITH ENERGY

Paris, Oct. 8.—North of Arras last night the cannonading continued, both sides taking part, according to announcement issued to-day by the war office. There also was artillery activity in the region of Roye and to the north of the river Aisne.
In the Champagne district there was violent bombardment on the part of the German artillery, with very energetic replies from the French cannon. There also was active fighting in the trenches southeast of Tahure. The text follows:
"The cannonading continued last night, both sides taking part, to the north of Arras, in the direction of Souchez and its environs, as well as in the sector of La Fosse and near Hill No. 140.
"There also was considerable activity on the part of the artillery of the enemy, together with answering fire from our guns, in the region of Roye and to the north of the river Aisne, in the direction of Tracy la Val and at the forest of St. Maré.
"In the Champagne district the Germans bombarded violently our positions between the roads running from St. Hilaire to St. Souplet, and from Souain to Somme-Py. Our batteries everywhere replied to this fire with great energy.
"Active fighting took place in the connecting trenches to the southeast of Tahure, in the direction of Butte de Meunil."

MAKE MANY MISTAKES IN ADDRESSING LETTERS

Cologne, Oct. 8.—Heinrich Lintz, one of the assistants in the Cologne post office, has been compiling statistics which show that 155,770 faultily addressed letters and packages were received there in a single day. It was possible eventually to correct and send on their way a greater part of this number, but a large balance had to be returned to the senders for redressing.

FIRST TRANSACTION WAS FOR AMOUNT OF \$10,000

New York, Oct. 8.—The first transaction in the \$500,000,000 Anglo-French five-year 5 per cent. bonds on the New York stock exchange was for the amount of \$10,000 at 98. The bonds, when issued, were listed on the stock exchange for the first time to-day.

CONSTANTINE ILL AGAIN, ACCORDING TO REPORT

Paris, Oct. 8.—King Constantine of Greece, who recently recovered from a severe attack of pleurisy, is ill again, according to a dispatch received here to-day from Lausanne.

REPORTED SERBIA HAS DECLARED WAR

Unofficial Dispatches Say Serbian Govt. Has Made First Move

BULGARIAN MINISTER
GIVEN HIS PASSPORTS

Message From Rome Says Bulgarian Army is Invading Serbian Macedonia

Geneva, Oct. 8.—Serbia has declared war against Bulgaria, according to reports received here.

Invading Serbia.
London, Oct. 8.—A Bulgarian army has crossed the frontier and is invading Macedonia, according to a dispatch received here to-day from Rome.
A Bulgarian aeroplane also is reported to have bombed Nish and then returned safely to its base after killing five persons and wounding six.

Given His Passports.
Nish, Oct. 8.—The diplomatic rupture between Serbia and Bulgaria is complete. The foreign office has handed his passports to the Bulgarian minister.

Although there has been no formal declaration of war, the cordial reception by Bulgarian officers at Sofia of the German aviators who dropped bombs on Belgrade and Nish yesterday is regarded here as tantamount to the commencement of hostilities against Serbia by Bulgaria.

Taken Over.
Sofia, Oct. 8.—The railroad running between Mustapha Pasha, a town of Thrace, northwest of Adrianople, and the Bulgarian seaport of Dedegatch, on the Aegean Sea, was taken over to-day by the Bulgarian staff. For some forty miles this railroad runs through Turkish territory.

Will Be Bombarded.
Sofia, Oct. 8.—(Wireless, via Berlin.)—A strong Bulgarian force has been dispatched to Dedegatch as a result of reports that the allied forces are moving against the city from Salonica, and that an Anglo-French fleet is standing off the port ready to begin bombardment simultaneously with the land attack.

FOUR EX-MINISTERS MUST STAND TRIAL

Roblin, Montague, Coldwell and Howden Committed at Winnipeg To-day

Winnipeg, Oct. 8.—Magistrate P. A. Macdonald, shortly before 1 o'clock this afternoon, committed for trial the four former cabinet ministers, Sir Rodmond Roblin, the late premier; Dr. W. H. Montague, former minister of public works; J. H. Howden, former attorney-general; and George R. Coldwell, former minister of education.
The preliminary hearing lasted a month and the evidence of some of the leading crown witnesses, particularly the former provincial architect, was taken exhaustively. The charge against the four former ministers is conspiracy to defraud the province in connection with the contracts for the new Parliament buildings, and the contractor, Thomas Kelly, is now under arrest in Chicago, awaiting extradition proceedings.
Since the original charges were laid, other charges have been preferred against three of the accused—charges of having destroyed public documents against Sir Rodmond Roblin and Mr. Coldwell, and a charge of perjury against Mr. Howden. These have not come to preliminary hearing as yet, but probably will be heard next week.
The final session of the preliminary hearing did not open until half an hour after noon to-day, when counsel made brief addresses. For the crown, J. B. Coyne stated the case was closed and asked for a committal. For the defence, A. J. Andrews contended that the case against the accused rested almost solely on the evidence of Howden, and this had not been corroborated to the extent of proving conspiracy. W. H. Hastings, on behalf of Mr. Howden, argued that there was no evidence to justify committing his client for trial. Mr. Coyne replied and then the magistrate disposed of the case in six words: "I commit the accused for trial."

HEAVY SNOWSTORM

Calumet, Mich., Oct. 8.—A heavy snowstorm was sweeping over the Lake Superior district to-day. An inch of snow had fallen at noon.

FRENCH MADE GAIN SOUTH OF THELUS

Germans Delivered Two Fruitless Attacks West of Naurin Farm, in Champagne

Paris, Oct. 8.—The following official statement was issued last night:

"A violent bombardment by both sides has occurred in the environs of Neuport and Steenstraete.

"Artillery activity continued on all sides in Artois. We made slight progress to the south of Thelus, near the road from Arras to Lille.

"A sudden attack attempted by the enemy on one of our advanced posts near Popincourt, to the south of Roye, was stopped completely.

"On the Aisne, our batteries caused by their fire two very violent explosions in the enemy's lines to the right of Juvincourt, and set fire to the station of Gulgincourt.

"In the Champagne, the Germans during the course of the day, delivered two counter-attacks against our positions to the west of the Naurin farm. These were repulsed. The enemy suffered heavy losses.

"Engagements with bombs and grenades took place in the Argonne, at La Fille Morte and Haute Chevauchee.

"The enemy directed on different points on the Lorraine front, especially near Arracourt-Bures to the north of Reillon, and to the northeast of Baudonville, a strong cannonade, to which we replied effectively.

"In the Vosges we dispersed a strong German reconnaissance which had started to attack one of our posts to the east of the valley of Sondernach.

"One of our aeroplanes brought down this afternoon in the Champagne a German captive balloon, which fell in flames within the enemy's lines."

Belgian Report.

Paris, Oct. 8.—The following Belgian official statement was issued yesterday:

"There has been an intermittent bombardment of our advanced trenches in the neighborhood of Dixmude, as well as near Noordschote. There was no infantry action."

SAYS WOOD PULP SHOULD BE MADE CONTRABAND

Sir William Ramsay Hesitates to Start Another Campaign: Opinions of Two Others.

London, Oct. 8.—The question whether the Germans are finding wood-pulp an efficient substitute for cotton in the manufacture of high explosives has been investigated by the Paper-Maker, which has consulted several experts.

Sir William Ramsay says: "I quite agree that it is highly probable that the Germans are making nitro-lignose from wood fibre. This is the tragedy of our always being too late. I quite agree that we should declare wood pulp contraband, but I hesitate to start another campaign; it takes so much time and energy."

"The Germans have plenty of wood; their country is largely afforested. As to the relative efficacy of wood pulp and cotton I am not expert enough to answer that. All I can say is that I am told by French experts that the ballistic power of nitro-lignose is not equal to that of gun-cotton. But Krupp is turning out any number of guns of all sorts, and doubtless they are standardized, as regards sights and chambers, for nitro-lignose."

Another expert, Walter F. Reid, sees no value in declaring wood pulp contraband, for "Germany has such large areas of forest containing suitable wood that the present rate of consumption of explosives could be maintained for years without importation of wood pulp." He adds that one of the most popular smokeless powders has been made of wood pulp for more than 30 years.

Clayton Beadle, a third expert, holds a rather different view, saying: "The German pulp mills do not produce a product that would reach the requirements of explosives for long, adding: 'To drop cotton suddenly and switch to something new must spell disaster, or at any rate, it would be a most serious handicap, and it has not been proved yet that it can be done.'"

CUSTOM HAS TENDENCY TO ENCOURAGE DRINKING

Tokio, Oct. 8.—A protest, addressed to Count Okuma, the prime minister, against the awarding of sake cups for meritorious services, was read and enthusiastically adopted at a recent meeting of leading temperance advocates, both men and women, of Tokio. The spirit of the protest was that this custom has the tendency to encourage the drinking of spirituous liquors. The presidents of the National Temperance league, the National Woman's Christian Temperance union and the Foreign auxiliary of the National Woman's Christian Temperance union were delegated to wait on Count Okuma and present the protest.

Sake is the native alcoholic drink of the Japanese people.

300 YARDS ON CENTRE OF SUVA BAY FRONT

London, Oct. 8.—During the past month of fighting at the Dardanelles the British gained on an average something more than 300 yards along the centre of the Suva bay front, a distance of four miles, according to an official statement issued last night. The statement was embodied in a report from General Sir Ian Hamilton as follows:

"During the past month the fight at Suva bay has not been on a scale calling for special reports. Every night there have been patrol actions and bomb attacks, and we gained an average of a little over 300 yards along the whole centre of the four-mile Suva bay front."

PROGRESS MADE BY THE RUSSIAN FORCES

Frenches and Three Villages Captured; Great Bravery of Czar's Soldiers

Petrograd, Oct. 8.—The war office made public the following communication last evening:

"Northwest of Dwinsk the Germans attacked in the region of the railway. A fierce combat was engaged in, in the district of Grandvaud, when the enemy captured a portion of our trenches. The fighting continues.

"On the front of Chiawko, south of Grundwald, our troops have repulsed the Germans by counter-attacks. On the front of lakes Dzwiaty and Ohole, the artillery duel continues.

"On the front, south of lake Boginskole, approximately as far as the region of the town of Boganiol, on the Lida-Molodezhno railroad, hot fighting was indulged in, both sides displaying great violence.

"In the region north of Koziany the invaders were ejected from their trenches at Goposkydwer.

"On the night of the 4th we captured the village of Golowsk and the town of Koziany. In the action our troops had to surmount three lines of enemy-trenches. A concentrated cross-fire from the Germans compelled us to abandon the town, but parts of the trenches remained in our hands. During our attack on enemy positions some of our troops succeeded in crossing the river Ikwa, although the water was above their waists, and they were exposed to a violent fire.

Took Trenches.

"West of the village of Mamulopyry, south of Koziany, we succeeded also in capturing some enemy trenches.

"Near the village of Zannapotch, on the southern shore of lake Narotche, the Germans were dislodged from their trenches with the bayonet, but they counter-attacked and succeeded in retaking them.

"An engagement near the village of Semenkoff, south of lake Wichnewskoie, ended in our capturing the village.

"Near the village of Hognapoch, south of Smorgon, our attack was successful, resulting in the occupation of part of the enemy's positions and the capture of munitions of all kinds abandoned by the Germans.

"It is impossible to refrain from emphasizing the boundless courage of the troops constantly manifested in their attacks on the enemy's trenches in actions in which they surmounted lines of artificial obstacles with which the enemy encumbered all the ground between the lakes and in their contempt for the arduous condition of the autumn fighting.

"South of the Pripet we took by assault the village of Lissowa, northwest of Clartorsk.

Austrian Statement.

Vienna, Oct. 9.—The following official communication was issued last evening:

"On the Bessarabian frontier, near Kremenez, in Volhynia, several Russian attacks were repulsed. Otherwise the situation is calm on the eastern Galician front and along the Ikwa river.

"There was stubborn hand-to-hand fighting near Olka, where the Russians advanced against our Lina division. We captured about 800 men, including several officers.

"Northwest of Kolka, on both sides of the Kowel-Sarny railway, the enemy proceeded to the western bank of the Sty river. A counter-attack by Austro-Hungarian and German troops is progressing favorably. Austro-Hungarian battalions have captured the village of Kuikowich, on the Sty, which was stubbornly defended by the Russians. Two hundred prisoners were captured. German troops have chased the enemy from his positions near Clartorsk."

FOR DISABLED OFFICERS OF ARMY AND NAVY

London, Oct. 8.—Higher pensions for disabled officers of the army and navy and for their widows, orphans and dependents have been proposed by a parliamentary committee of which Rt. Hon. Andrew Bonar Law is chairman. Subscribers would receive, under the new arrangement, £750 a year when completely disabled, with an additional £50 for each year of service in excess of 15 years, up to a maximum of £1,250. An officer of rank corresponding to major in the army would get a minimum of \$855 if partially disabled, and \$1,000 if totally disabled. For lieutenant-colonels and navy commanders the minimum for partial disablement is put at \$1,000 and an addition to £250 to their ordinary pensions if entirely disabled.

The widows and dependents of subalterns have a graduated scale proposed for them, with \$500 a year in the case the officer is killed in action, \$375 if he dies of disease contracted on active service and \$250 in the case of other injuries or disease.

It is proposed, in addition, to make educational grants in special cases for the education of officers' children.

HE THOUGHT YOUNG TURKEYS WERE GROUSE

Duncan, Oct. 8.—The advisability of giving shooting licenses to Chinese and others who do not understand what they are about was brought in evidence before Justice of the Peace Seymour Green a few days ago. A Chinaman, with an antiquated gun and provided with a license, was charged with having shot young turkeys at Koksilait. He endangered his life each time he discharged the gun. One or two of the turkeys were killed and several were wounded. The Chinaman said he thought they were blue grouse. He was given two months.

ECONOMY IS BEING URGED BY LEAGUE

London, Oct. 8.—One of the first reforms proposed by the Women's War Economy league is to induce the people to try to get along without sweetmeats. Other needed economies relate to motor-cars, motorcycles and cycles, and \$20,000,000 spent annually for motor-cars, motorcycles and cycles. British spenders also \$15,000,000 on skins and furs, \$1,500,000 on ornamental feathers, \$85,000,000 on silks, \$25,000,000 on wines and spirits and nearly \$40,000,000 on tobacco.

The league also urges strict economy in coffee, tea and all imported articles of food, drink and wear.

TESTING GUNS AGAIN AT PORT MELBOURNE RANGE

Melbourne, Australia, Oct. 8.—A large number of American-made machine guns which the Australian government bought in the United States eight years ago may be supplied to the next contingents of the Australian expeditionary forces. The American guns have certain mechanical disadvantages which led the Australian military authorities to discard them after they were tried, and for the past eight years they have been in storage. The urgent demand for more quick-firers, however, has made it desirable to use them, and the guns now are being given new tests at the Port Melbourne range.

ORDER FOR 800,000 PAIRS OF BOOTS PLACED

Seoul, Korea, Oct. 8.—Russia has placed an order for 800,000 pairs of army boots with the Chosen Tanning company, which is operating day and night.

Advices here indicate that Russian army officers are purchasing all available cattle and sheep in Mongolia. The figures are estimated at millions of heads. The livestock, for the most part, will be butchered in Mongolia in special abattoirs and then forwarded to the Russian armies.

Canada's Most Popular Hosiery is Canadian-Made Holeproof

They are made for men, women and children in cotton, cashmere, silk, and cotton faced with silk.

Six pairs of the cotton and cashmere Holeproofs are guaranteed to wear without holes for six months. Three pairs of silk are guaranteed for three months.

If any of the pairs fail to last the specified time you are given new hose to replace them free.

Why wear other hosiery that is no better looking and that wears out in half the time? Holeproofs cost just the same per pair as ordinary stockings and socks. But they are made with costlier yarns—yarns that are lighter and stronger than ordinary kinds. We can afford to use these yarns because Holeproofs are sold to millions, and that cuts down the making-cost per pair.

Try a box of this hosiery. See why so many wear them in preference to all other hose.

Holeproof Hosiery

The genuine Holeproof is sold in your town. Ask for dealers' names. We ship direct where no dealer is near, charges prepaid, on receipt of remittance.

Men's, 25c per pair and up. Women's, 35c per pair and up. Children's, 35c per pair.

DRIVEN FROM SPUR BY ITALIAN INFANTRY

Austrians Left 26 Prisoners in Hands of King Victor's Soldiers

Rome, Oct. 8.—The following official statement was issued last night:

"On the plateau northwest of Arstero the active offensive of our troops during the days of October 3 and 5 and the night of the 6th brought about sharp engagements on the part of the front (front-Monte Marone as far as Valle Fonda, south of Monte Duror. Our troops, supported by artillery fire, everywhere had the advantage.

"In the Fella valley, enemy detachments, divided into several groups, tried to work their way through the wooded slopes of the heights south of the river, but were repulsed with loss, leaving an officer and ten men prisoners in our hands.

"On the Carso plateau during the morning of the 6th, the enemy directed an intense and galling fire on the positions of the left wing of our lines in the Monte San Michele zone. Our infantry detachments rushed from their trenches to the spur which descends from San Michel to Petano, and attacked the enemy groups occupying it, putting them to flight and capturing 26 prisoners."

Vienna Statement.

Vienna, Oct. 8.—The following official statement was issued yesterday:

"The activity on the southwestern front yesterday was limited to ordinary artillery duels only. Against the northern part of the plateau of Dobro, near Petano, a detachment of an Italian militia regiment attempted an attack which collapsed completely. Our troops pursued the enemy during the night beyond his advanced posts.

"Southwestern theatre: The Austro-Hungarian and German troops at several points have forced a passage of the Save river between the estuary of the Drina and the Iron Gate. The Serbian advance troops were repelled."

SON OF NEIL MUNRO KILLED IN FRANCE

Young Man to Whom "John Splendid" Was Dedicated Has Died for Empire.

London, Oct. 8.—Rudyard Kipling has not yet abandoned hope regarding the fate of his son, John Kipling, of the Irish Guards, who is reported missing. When last seen, Lieut. Kipling was not badly wounded, but his father realizes that the hope is necessarily slight in such a case of disappearance.

Another well-known literary man mourning the death of a son is Niel Munro, Lieut. Munro, who has been slain in France, was an officer in the Gaelic-speaking company of the Argyll and Sutherland Highlanders. This is the lad to whom "John Splendid" was dedicated.

One of Sir James Barrie's two adopted sons has been killed and H. A. Vachell has lost a son.

RENNIE TO COMMAND THE FIRST BRIGADE

Ottawa, Oct. 7.—The organization of the additional Canadian half-division at the front, known as the corps troops, as announced some days ago, has necessitated a few changes in the commanding officers. Major-General Hughes announced yesterday that Lord Brooke, who has been in command of the First brigade of the First Canadian division, will go to the corps troops and command a brigade made up of the 42nd and 48th battalions, the Royal Canadian regiment, the Princess Patricia's and Col. Smart's cavalry. Lord Brooke will be succeeded in command of the First brigade by Col. Rennie, who probably will be made a brigadier-general. Col. Loomis, of the 13th battalion, Royal Highlanders, Montreal, also will probably be made a brigade commander and be promoted to the rank of brigadier-general.

WILL MAKE ANOTHER ATTEMPT TO-MORROW

Washington, Oct. 8.—Settlement of the tangled Mexican problem will be attempted to-morrow when Secretary of State Lansing again meets the diplomatic representatives of the Latin-American countries.

Since the last Latin-American conference, General Carranza apparently has strengthened his control over the larger portion of Mexico and it is thought that the Latin-American representatives will make a determined effort to secure his recognition.

As to just how much the recent raids along the Texas border in which Carranzista officers and men are alleged to have been implicated will weigh adversely, Secretary Lansing has given no indication.

For the last two days Mr. Lansing has been conferring with John R. Silliman, consular agent for the United States in Mexico, and it is understood Mr. Silliman's report has exerted a strong influence toward recognition.

MORE SHIPPED OUT THAN BEFORE WAR

Melbourne, Australia, Oct. 8.—A recent official report shows that from the beginning of the present year up to August 21 more than \$20,000,000 worth of gold was shipped from the Commonwealth. Of this considerably more than \$17,000,000 was in specie of which \$10,450,000 went to the United States. In the previous twelve months—as indicating the effect of the war upon gold export—all the gold specie exported from Australia amounted to only about \$3,900,000.

NEW LORD MAYOR IS FIFTY-TWO YEARS OLD

Wakefield is Third Native of Lancashire, in Succession to Hold London's Highest Post.

London, Sept. 28.—(By Mail to New York.)—Sir Charles Cheers Wakefield, Kt., who has been elected lord mayor of London and who will take oath of office on November 8, is the third native of Lancashire in succession to be lord mayor, and he will be succeeded next year by another Lancastrian in the person of Sir William Pulteney. With rare exceptions the post is never held but one year, and there has been no exception for thirty years.

Sir Charles is a self-made man, has built up a large business in lubricants and is known to have considerable wealth. Indeed, that is almost a necessary adjunct, for although the salary of lord mayor is \$50,000 a year, the term in the Mansion House calls for an outlay said to be much larger than that.

He was born in Liverpool 52 years ago and his whole business life has been devoted to the oil business. His company recently has erected on Chiswick an imposing business building, Wakefield House, where his office is located, a block above St. Mary-le-Bow's, whose bells, according to tradition, were said to have called "Dick Whittington to be three lord mayor of London, and only a few minutes' walk from the Mansion House and the Guildhall, the centres of the functions in which the lord mayor participates.

His home is at Hythe, in Kent, where he has collected a notable gallery of famous paintings and prints, and where he spends all his leisure time with Lady Wakefield and his adopted daughter of sixteen. He has traveled all over the world.

He was chosen sheriff in 1907, an alderman in 1908, and is a devoted supporter of guildry, which plays such an important part in the civic life of the city. He is a member of no less than nine of the wealthy companies and on the court of four of them. His parent guild is the Haberdashers, and he is the master of the Cordwainers, a company that never before gave a lord mayor to the city.

TRAIN WAS ROBBED IN WEST VIRGINIA

Wheeling, W. Va., Oct. 8.—Two masked men early to-day held up and robbed a Baltimore & Ohio express train from New York to St. Louis, near Central, W. Va. Their booty was taken from the mail cars, according to reports received here, and was believed to be large.

Two hours elapsed from the time of the robbery, about 3 o'clock, until the news could be sent to division headquarters at Parkersburg. Posses aggregating more than a hundred men were out before daybreak.

The train robbed is one of the best on the Baltimore & Ohio system. It left New York yesterday. Usually it carried large numbers of through passengers and valuable registered mail and express.

The amount of booty obtained is unknown. An unverified report said that in an express car, which the robbers did not take with them down the track, was \$2,000,000 in gold.

NEW OBSERVATORY.

Tokio, Oct. 8.—One of the enterprises to commemorate the coronation of Emperor Yoshihito will be the building of a new astronomical observatory in a suburb of Tokio. The site of the structure will be equal to that occupied by the Imperial university, and in size and completeness the observatory is to rival the best in Europe or America. The present observatory in Tokio has long been inadequate.

LEADERS ARE CAPABLE.

In times like these people are constantly on the lookout for some new Man of the Hour, some transcendent genius who never was heard-of before and who might be called the child of the present world crisis. We have heard the prediction that the issue of the war would be determined under the leadership of some remarkable person who now is in comparative obscurity and who would rise to the occasion at the right moment.

We doubt very much if a new Napoleon will put in an appearance in this conflict. He will not have time. Such world-shaking figures are the products of decades, not of two, or three years. Had the Corsican conqueror died immediately after his early Italian campaigns, he would have been remembered in France and Italy as a soldier of great brilliance but soon would have been forgotten by the world. It was a considerable period after his initial exploits that he began to attract general notice. Moreau remained the leading soldier of France for a long time.

This war did not find Europe poverty-stricken for leaders. In fact it is doubtful if any great struggle found her more prepared in this respect. Never has France been better served, from her president, renowned as one of the strongest executives of the age, to the humblest peasant. Joffre, Poché, de Castelnau and Pau were not widely known before the war, but they form a group of military leaders of marked superior attainments. Nor is Great Britain wanting in men of high calibre. Asquith, Grey, Lloyd George, Balfour, Lansdowne, Kitchener, French, Haig, Smith-Dorrien, Jellicoe, Benty and Sturdee leave little elbow-room for a world-shaking figure to rise to towering eminence. Russia has her Grand Duke, Alexiev, Ruzsky, Ivanoff and Dimitieff. There may be changes in the higher commands and important positions of state, but there is little prospect of the world being taken by surprise by the romantic and sensational appearance of an altogether new and unheralded genius. Such a one would have to rise so rapidly that he would become dizzy. The ascent from humble private to field marshal in two years is perpendicular. Only Jeff and Mutt might make it.

STILL HARPING ON ELECTION.

The Toronto News is still trying to initiate a discussion among the newspapers of Canada regarding a general election. Its object seems to be to create an election atmosphere so that if Mr. Rogers and his fellow patriots have their way and an attempt is made to obtain a snap verdict from the people the electors may be induced to accept the charge that the Liberals were responsible for the whole ugly affair.

The News is simply wasting its time while its campaign is the reverse of complimentary to the intelligence of the Canadian people. Everybody knows that the term of the present parliament will not expire for twelve months and that if there is a dissolution within that period it will have been authorized by the government and not by the opposition. Moreover the Canadian people, having more patriotism and common-sense than the News or Messrs. Rogers and Cochrane credit them with having, are opposed to an election during the war and would be glad to see an arrangement made between the two parties which would avert that calamity. Sir Wilfrid Laurier is prepared to enter into such an agreement, but quite naturally he declines to accept the cool proposal that the government's term be extended for some years after the war. In any event this is a matter which cannot be decided until parliament meets. It must be considered by the representatives of the people of Can-

ada, not by one or two men on each side. Certainly it cannot be settled by the government and opposition newspapers of Toronto.

THE WOULD-BE DICTATOR.

Some time ago Sir Herbert Holt, president of the Montreal Heat & Power Company and director of a score of other commercial enterprises, returned from England and unfolded to the Montreal Gazette a hair-raising tale of woeful impressions gained by him during his sojourn on the other side of the Atlantic. According to his report the people of the United Kingdom were taking the war "lightly and non-understandingly;" politics were corroding the administration, the war office "was and is rotten," while Kitchener, who entered his office sublimated and glorified, has emerged a dismal failure. "He has some ability," but "small ability, mark you, as an organizer, but he has been a grievous disappointment," Sir Herbert explained. He added that the country should have been put on "a parity with the enemy. In big guns and munitions," took a fling at the "business as usual" idea, and explained that what was needed was a "great business organization in the hands of one strong man."

Sir Herbert Holt's remarks did not cause much of a sensation for several reasons. As he is a true-blue Tory, the whilom loyalty claqueurs who sawghed treason lurking behind the rectitude agreement a few years ago passed them over in discreet and dignified silence. For the most part, however, those who read the dismal narrative believed that the narrator was talking very considerably "through his hat." His indictment conflicted with the record. Men who direct the affairs of a nation are not judged by the titillation of blue-ruin clubs or the jaundiced outpourings of panic-stricken, funkling journals, but by results patent to the world.

What are those results as far as Great Britain is concerned? German commerce and shipping were swept from the seas within a month of the declaration of war. The German navy, the second largest in the world, was rendered impotent in less than a week. In European waters while the overseas trade routes of the entire powers were made absolutely secure in a third of the time the most roseate optimist at the admiralty before the war ever believed it could be effected. That was good business, was it not? It should have appealed to Sir Herbert Holt.

Millions of troops were transported across the seas with insignificant loss, not a solitary life being sacrificed in conveying British soldiers between England and France. The British expeditionary army was landed on the continent in the first place according to schedule and convention. Thus Great Britain had done all that she was expected to do, and she did it not only well but to absolute perfection. Since then more than three million men have been converted into first-class fighting material—the largest army ever raised under the voluntary system—and in quality if properly led the best ever raised under any system. A million of them now are fighting in France. Two thirds of Germany's colonies are under the British flag and before long the whole of Mesopotamia will be British territory. Soldiers of the empire still hold the gate to Calais.

As for the reflection upon Kitchener it was hardly worth noticing. In his case also the record speaks for itself. It spoke for itself in South Africa, Egypt and India long before this war began. Not being endowed with the power of working miracles, he could not convert a non-military nation like Britain into a military power like Germany in six months. The suggestion that the United Kingdom should have been placed "on a parity" with Germany in munitions and heavy artillery in less than a year—that is that she should have done in nine months what Germany took twenty years to do—is idiotic, but scarcely less so than the out-worn theory that a virtual dictator should be placed in charge of the whole organization. Russia tried it with disastrous results. What mistakes have occurred in England were due to the fact that Kitchener was expected to run the whole works—armies, munitions, artillery, transport and all.

Sir Herbert Holt's lamentations, however, did not mention the name of anybody who in his opinion might undertake the direction of the great organization he had in mind, but one W. H. Price, M. P. for Parkdale, Ontario, who has just returned from London and who repeats what Sir Herbert said, with extra trimmings, is more informative. He says that "Lord Northcliffe is the greatest force in England outside the government." Quite so, and Northcliffe and his friends not only admit it but they insist upon it. The London "Hearst" evidently is the "out-standing genius." Sir Herbert Holt had in mind—a Cromwell, Napoleon and George Washington rolled in one. His kind in France would last about twenty-four hours. Possibly to the extent that he and his yellow journals are permitted to convey to the Germans the impression that Great Britain is

monumentally inept and her leading men grossly incapable the authorities are guilty under Sir Herbert Holt's indictment.

WANTS 300,000 MEN.

Newton W. Rowell, K. C., in a recent address declared that Canada should have 300,000 men at the front and in training. She ought to do this if she desires that her contribution to the war should accord with the position in the empire her wealth, resources and population have gained for her.

Canada should be able to double her present strength on active service and in the training camp without much difficulty. Her population exceeds seven million and an army of three hundred thousand men would be only four per cent of that number. It is true the cost of creating and equipping Canadian armies is greater than the cost in any other belligerent state or dominion, but proper economy in certain directions would help very considerably in this regard. In any event there should be no insuperable obstacles in the way of putting 300,000 men in the field. An organized recruiting campaign such as Australia has adopted soon would produce the material.

Bulgaria and Greece each has one-tenth of its population under arms while the percentage of Serbians who are fighting desperately for their country is even higher. Of course the fact that a state is invaded or threatened with invasion radically alters the recruiting situation. The proportion of Frenchmen in active service and in camp is much higher than the proportion in the United Kingdom, although for a country which for the most part has no first-hand acquaintance with the actual conditions of the war Britain's eight per cent of voluntary enrolment is remarkable. The question of Canada's contribution rests entirely with the government. The people will support any measure to that end it may decide upon. The winning of this war is worth any sacrifice.

We are gravely informed by cable that the Berlin foreign office, in the interests of humanity and civilization, demands that colored troops be no longer used in the European arena of war. To be sure there is a danger that the strangers might learn some of the devilish tricks practised by the blonde beasts of Prussia upon women, children and non-combatants. But there is always a possibility that the protest of kultur is due to the fact that Germany never is likely to have any spot upon the earth from which to draw colored warriors. There are some points in the war not yet settled, but that one is.

Says the New York Sun: If Mr. Henry Ford has ever seen General Sam Hughes of Canada and noticed the set of his jaw and the gleam in his eye, he, the Detroit submarine inventor, will realize that the minister of defence is in grim earnest when he wants to know by wire or wireless whether Mr. Ford, who has had some profitable business dealings with the Canadian government, has said that he "would tie a can to the (loan) commission and pack it back to Europe."

Speaking of recent events on the western front, the Cologne Gazette gravely announces: "The enemy soldiers were very drunk and totally irresponsible." Just so. And we wonder what could have been the condition of those twenty thousand wounded Teuton warriors who fell into the hands of the allies as prisoners of war. Was their state of palpable paralysis due to strong drink, or was it a simple case of funk?

The Kaiser, shedding tears at a rate which would have done credit to Job Trotter and might have moved Sam Weller to further indignation and disgust, admitted lately to a cultured interviewer, the subject of discourse being the decadence and dismal prospects of France: "We Germans are not all good, but we will be good." Oh, royal and cultured Pecksniff!

In the good old days when Greece was making ancient history leaders who fell under popular disfavor sometimes were required to drink a cup of hemlock juice. Constantine and his German consort should "overhaul their history, and when found make a note on't."

Should there not be a big demonstration in this province to lend proper distinction and emphasis to the submarine purchase as the first government transaction of any magnitude in British Columbia in years in which not a solitary cent fell by the wayside?

The humble follower of the Prince of Peace held a meeting in Texas lately to publicly protest against all violence, national, international or individual. Before the proceedings were over a woman in the audience drew a "gun" and shot a mere man dead.

A POSER FOR GERMANY.

The Frye was sunk before the British orders-in-council were issued. If the sinking of the Frye was a legitimate act of war, Germany can have no grievance against the British orders-in-council, which carry out the principle that Ger-

many defends in the Frye case. The German government cannot have its cake and eat it. It cannot successfully maintain that it is proper for Germany to cut off food supplies consigned, in neutral ships to Great Britain and "war without mercy" for Great Britain to cut off food supplies consigned in neutral ships to Germany.

A MOUNTAIN WATERFALL.

By James Thomson.
Smooth to the shelling brink a copious flow,
Rolls fair and placid; where collected all,
In one impetuous torrent, down the steep
It thundering shoots, and shakes the steep
country round.

At times an azure sheet, it rushes broad;
Then whitening by degrees, as prone it falls,
And from the loud-rebounding rocks below
Dashed in a cloud of foam, it sends aloft
A hoarse, moist, and forms a ceaseless
shower.

Nor can the tortured wave here find repose;
But, raging still amid the shaggy rocks,
Now flashes o'er the scattered fragments,
Now

Aslant the hollow channel darts;
And falling fast, from gradual slope to slope,
With wild infernal course and lessened
N. e'er.

It gains a safer bed, and steals at last,
Along the mazes of the quiet vale!

WILL CITY SUPPORT UNION'S PROPOSAL?

Meeting of Council in Committee is Being Held To-day to Consider Suggestion

To consider whether it is desirable that the council should support a conference of Canadian Municipalities on the unemployment question, and if so to select a delegate to represent Victoria, the city council is meeting in committee late this afternoon.

The request for a meeting was conveyed yesterday in a telegram from W. D. Lighthall, K.C., secretary of the Union of Canadian Municipalities. After the meeting an answer will be wired to the union secretary, and it is possible advantage may be taken of Alderman Bell's presence in the east to invite him to represent the city, should the union call a conference in one of the eastern cities.

For several months past the union has been working on the question of unemployment, particularly with a view to encouraging some comprehensive and definite schemes, which would prove productive in a permanent way. Although the union convention which was to have been held in Victoria this summer was postponed, a gathering of the executive was held at Niagara in July, and the question of unemployment loomed up largely in the discussions.

A form to be filled in by the municipalities has been issued to the principal centres in Canada, asking for a mass of statistical information with regard to unemployed in the city, men engaged in factories and openings for employment. The city data having been gradually assembled, it was only sent forward early in the present week.

While already some application has been made by municipal leaders to the prime minister, before Sir Robert Borden's departure for Europe, the government's attitude was not very clearly defined, and it is apparently the desire to lay the case through the Dominion and provincial unions before the federal government and the provincial governments for attention before the winter sets in. The city authorities have been kept in close touch with the attitude of the Canadian union through the official journal, and the general secretary, and a gathering of the character projected has been anticipated prior to the receipt of the message.

Mayor Stewart says that the local unemployed situation has become much

Women's Fall Coats

In the Newest Fabrics and Styles for This Season, On Special Sale Saturday at

\$14.90 and \$18.90

Manufacturers of ready-to-wear prevent the accumulation of small lots and sizes by offering them at greatly reduced prices to the larger distributing houses capable of creating a quick sale for them. This helps the manufacturer to keep his stocks in good order and at the same time makes a very timely and particularly interesting trade event for the retailer, especially when such goods are offered right at the beginning of the season, when most women are planning the purchase of their new attire. We are fortunate in being able to offer one of these special lots at prices considerably below their regulars. There are 88 Coats in this offering, and all are in the very newest styles and fabrics. For samples see window display.

CAN'T SUPPRESS.

Kaiser Wilhelm could very easily settle the controversies growing out of the Lusitania tragedy if he could only act toward us as he does toward his own people. If anybody at home objects to his methods, such as when the socialist Vorwärts issued its recent peace manifesto, it is not necessary for him to rack his brain for a sensible answer he has merely to is-

sure an order to have the objectors suppressed. How simple it would be if he could close the Lusitania argument by ordering the suppression of the United States government. But it appears that a suppressor is without honor save in his own country.—Life.

In the general election of 1880 no fewer than three thousand out of five thousand electors of Gloucester were found by the commissioners to be either bribed or

Bank Clearings.—The bank clearings for the week ending yesterday were \$1,453,390.

Dancing Class.—Mrs. Simpson will open her classes in dancing for the season in St. John's hall, Herald street.

Universal Church.—W. E. Ainsley, of Vancouver, will lecture on Sunday evening at 8 p. m. in the old fellow's hall, Universal church, 1323 Douglas street.

Social Service.—A joint meeting of the general committee of Presbyterian social service, and the Ladies' Auxiliary of the same will be held at the Y. M. C. A. this evening at 8 o'clock. As matters of importance will be discussed, a full attendance is desired.

Ruri-Decanal Chapter.—The Ruri-Decanal chapter of the Southern Decanery will hold its quarterly meeting at St. John's rectory, 1611 Quadra street, on Monday next at 11 a. m., when the clergy of the district will be the guests of Rev. and Mrs. Chadwick. Matters concerning the welfare of the church generally and especially the Sunday school department will be considered.

Sunday School Rally.—Next Sunday is expected to be an important day among the Sunday school workers of the Anglican communion in Victoria. Rev. R. A. Hiltz, who has charge of the work of Sunday schools for the church in the whole of Canada, is expected to address a united rally of the Sunday schools of the Church of England in Victoria at St. John's church at 3 p. m. Arrangements have been made for the transportation of scholars from outlying parishes by street car, the B. C. E. railway granting a special rate.

Rowland's Concert Band.—At Pan-tastes theatre on Sunday evening Rowland's band will hold its usual weekly concert. The musicians have had several diligent rehearsals and the patrons are assured of a concert well up to the usual standard. One of the selections by the band will be from the tune, "Children of Normandy," with the pretty bell solo. By request Czibulka's "Stephanie" gavotte will be included, as well as a selection of "American Airs." The precedent set by Mr. Rowland in playing the "National Anthem" at the commencement of the performance has proved very popular.

BRENNAN IS GUILTY ON LESSER CHARGE

Judge Condemns Police for Allowing Improper Conduct of Wilson Hotel

The jury selected to try James Brennan on a charge of attempted murder and two lesser counts yesterday afternoon brought in a verdict of guilty on the count of wounding with intent to do grievous bodily harm. The prisoner was remanded for sentence, and it was announced by the court that all the prisoners found guilty during the assizes will be brought up for sentence on Wednesday morning. The Brennan case was the last of the assizes.

Before charging the jury yesterday afternoon in this case Mr. Justice Clement referred to the Wilson hotel, the place where the stabbing of Addison by Brennan occurred. His lordship said he felt it his duty to say that he could not understand how such a resort was permitted to do business under the eyes of the city and provincial police in the capital of the province.

His lordship's reference was occasioned by evidence brought out during the trial, and by the character of one of the witnesses. Other prisoners who are to be sentenced on Wednesday are Walter Morrison and Albert Morris, who pleaded guilty to stealing from the store of Eli Bean, Store street, and John M. Abbott found guilty of assault with intent to do grievous bodily harm. In this case the jury added a recommendation for mercy.

NEW COMPANIES.

Two—Victoria Concerns, Mining and Real Estate, Incorporated With Large Capital in Each Case.

New companies which have received certificates of incorporation from the provincial registrar of joint stock companies are:

Blue Grouse Mines, Limited (non-personal liability), Victoria, formed with a capital of half a million dollars to acquire, develop and work mineral and petroleum claims. Prudence, Limited, another Victoria company, with a capital of a quarter of a million dollars, to acquire certain real properties, stocks and shares belonging to Henry Gervais Stobart.

Other companies chartered are Albert and McCaffery, Limited, Prince Rupert, capital \$20,000; Automatic Sales Machine Company, Limited, Victoria, \$10,000; Canadian Contracting Company, Limited, Vancouver, \$25,000; Manhattan Pharmacy, Limited, Vancouver, \$10,000; Ocean Securities, Limited, Vancouver, \$30,000; Rankin & Merrill, Limited, Vancouver, \$20,000; Schetty & Campbell, Limited, Vancouver, \$10,000; Skeena Anthracite Coal Company, Limited, Vancouver, \$10,000; Trail Mercantile Company, Limited, Rossland, \$10,000.

The Standard Trusts Company, Winnipeg, has been registered as a trust company doing business in this province. Companies which have abandoned the trust feature of their businesses are Anglo-British Columbia Securities, Ltd., Hood's Limited, Overseas Securities, Ltd., Trites, Ltd., and Vancouver Island Fruit Lands, Ltd.

Changed His Name.—James Angel Zazzarino, Vancouver, has renounced his surname and will hereafter be known as James Angel.

Provincial Appointment.—William B. Stewart, Lytton, has been appointed a deputy mining recorder for the Ashcroft mining division with sub-recording office at Lytton.

Girl Guides' Parade.—The church parade of the Girl Guides, which was announced for Sunday, October 10, has been postponed until Sunday, October 17. This has been made necessary on account of the Anglican Sunday school rally being held on Sunday next.

Barriester Disbarred.—In the B. C. Gazette this week notice is given by the secretary of the Law Society of British Columbia that at a meeting of the benchers held here on Monday last, Freeman Harding had been found guilty of professional misconduct and had been disbarred, disqualified and struck off the roll as a barrister. The complainant in the case was Etola Lewis, and Harding made no appearance or answer to it.

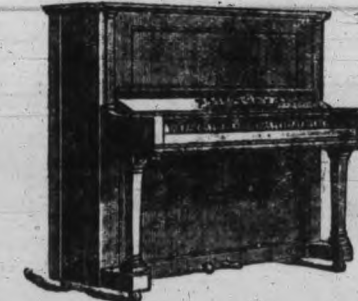

Y. M. C. A. Juniors.—All preparations are now made for the opening "stag" banquet for Y. M. C. A. Junior members to-night. The programme will start at 6.30 o'clock, with every member present. Following the banquet the Y. M. C. A. trio will make its debut. Wilson McDonald will cartoon the leading men of the day, and offer his work to boys who name the subjects first. Sidney Webb will sing a Cockney song. Mr. Crompton will outline the season's programme of clubs and an opportunity will be afforded every boy to participate in the boys' division activities.

Timber Sales.—Tenders are being called for by the chief forester of British Columbia for the purchase of 11,000 acres to cut timber. License X457 authorizes the cutting of 2,487,999 feet of cedar, hemlock and balsam on an area adjoining lot 907, Jack Creek, Loughborough Inlet, three years being allowed for the removal of the timber. License X499 is for the cutting of one million feet of Douglas fir, cedar and hemlock on an area adjoining lot 2943, Skookumchuck Narrows. There may be cut under license X435 999,000 feet of fir, cedar, spruce, hemlock and balsam on an area adjoining lot 1441, Turnour Island, coast district. The fourth sale is that of license X474, for the cutting of 178,000 feet of Douglas fir and cedar on an area adjoining lot 3219, Ruby Lake, Sechart peninsula.

Charge Withdrawn.—Dominion Constable Thomas O'Connell, who is here to see his Indian charges safely landed from their summer's work in the canneries and in the harvest fields across the line, and then started on their way home to the reserves, found a klookthman on Wharf street late yesterday afternoon, who had got hold of some whiskey somewhere and partaken too freely. She was placed in the city police cells overnight, and this morning the charge laid against her was withdrawn.

Motor Cyclist Fined.—W. B. Young having sold his motorcycle last June to George Mann, the summons case postponed from yesterday in the police court was to-day changed to the name of the new owner, who had neglected to have the registration altered. Constable Devereaux proved that on October 2, at the corner of Douglas street and Pandora avenue, the cycle was being driven without being equipped with a bell or horn. Mann said he had lost the bell that morning and after being spoken to by the constable had got another. He was fined \$5.

OBSEQUIES YESTERDAY

Funeral of John Oliver, Late Customs Officer, Attended by Many Friends.

The obsequies of the late John Oliver, held yesterday from the B. C. Funeral company's chapel, Broughton street, were attended by many friends of the deceased gentleman. Rev. R. A. Macdonnell officiated. Interment was in the family plot at Ross Bay cemetery, the pallbearers being his four sons: C. M., C. P., A. M., and A. T. Oliver.

The late Mr. Oliver was well-known in Victoria, where he had lived for nearly thirty years. He was appointed customs officer in 1890, and only three years ago retired from that office at the age of seventy-three. He was a member of the Congregational church, and for some years was deacon in that body. Other public offices which he occupied were that of chairman of the board of school trustees, member of the board of license commissioners, etc. Born at Guelph, Ont., on January 7, 1839, he first followed the profession of teacher in the public schools at Mount Forest, Ont. It was in 1864 that he came out to California, some years later again returning to his native province to go into business. He was in the Canadian west some years before he came to Victoria.

His wife died about twelve years ago. Beside the four sons, C. M., of Vancouver; C. P., of this city; A. M., of Powell river; and A. T., of Nanaimo, two daughters survive, viz.: Mrs. E. O. Kamm, of Los Angeles, Cal., and Miss Vida Oliver, Victoria.

Forbidden the Mails.—Three more German daily papers published in the United States have been forbidden the mails and their circulation in Canada, or the possession of any copies of them prohibited to any person under pain of a fine of \$5,000 and five years' imprisonment. These are Illinois Staats-Zeitung and Abendpost, both published in Chicago, and the Deutsches Journal, published in New York City. Notice had already been given of the banning of the International, a monthly paper published in New York City.

MAJESTIC THEATRE

World Film Corporation presents **BARBARA TENNANT** in the **Butterfly** In Five Parts.
CHARLES CHAPLIN in **His Musical Career** His Best Comedy.

AT THE THEATRES

"THE CLUE"

Edward Mackay, one of the most noted of the younger generation of Broadway artists, makes his photodramatic debut under the management of the Lasky Feature Play company as leading man for Blanche Sweet in "The Clue," which is to be the offering at the Royal Victoria on Saturday. Within the last four or five years, Mr. Mackay, who comes from one of the most noted American theatrical families, has come to the front with amazing rapidity. In this instance he plays the role of Guy Bertram, a wealthy amateur chemist and experimenter with high explosives, who is accused of slaying a Russian adventurer. This Russian has been seeking to win the hand of his sister, Eve, and the Russian's brother, Count Boris, is Guy's rival in the affections of Christine Lesley. The role furnishes Mr. Mackay with opportunities for fine emotional acting of which it is asserted he takes full advantage.

MAJESTIC THEATRE.

For Friday and Saturday a splendid feature has been secured for this popular picture theatre entitled, "The Butterfly," produced by the World Film Co. The picture is presented in five parts, and has lots of action. The characters are introduced in the land of the pyramids. Time passes and the scene shifts to America, where Elaine Arthur, a young girl when first met, has now grown up and become a famous dancer. The adventurous career of the dancer is particularly thrilling and forms good material for the subject of this first-rate picture. Barbara Tennant and Howard Estabrook have the leading roles. With two such distinguished artists the success of the picture is assured. On the same bill is a Chaplin comedy. Chaplin is seen at his best and the picture is a scream from start to finish.

LARGE CROWDS AT COLUMBIA.

The big double bill now running at the Columbia and including Charlie Chaplin in the four-act revue, "The Mix-up" and Mr. and Mrs. Sidney Drew in the Big Four (V. L. S. E.) Blue Ribbon feature, "Playing Dead," is drawing capacity houses at this popular picture theatre this week. The programme is a particularly well arranged one, presenting both a comic and dramatic feature, both of which are well above the average. "Playing Dead" is a story with a punch, in which it is the man who makes the great sacrifice, and as men can do things of this kind without such outward signs of distress this side of the domestic enigma makes a sympathetic story without the tense emotionalism and frequently overdone sentiment which is so necessary in cases where the woman is the wronged party. Charlie Chaplin, in the four-act scream, "The Mix-up," made no impression on comment. His hour on the screen is one continuous round of merriment.

years ago. The World Film Corporation is releasing the picture on its schedule. Miss Davies is making a first appearance in motion pictures, and is so successful that it is certain other pictures in which she is seen will be called for. As Sunday she has a splendid part—one in fact which any artist, however, eminent might envy. Sunday is an orphan girl, named so solely by her mother because she was born on that day. Four rough, good-natured lumber jacks take care of the girl and bring her up as a boy. She has a false lover whom they kill; then they send her away to be educated, and when she is through, a finished product, her real adventures commence. Packed full of action, with beautiful settings and views; well cast and including in that cast some of the finest artists in the American and English stages, "Sunday" is a vital, virile, inspiring and inspiring drama which will thrill and hold an audience. "Sunday" is the second Lederer feature, and is a remarkable success in every respect. It's a well-told story, powerfully acted, elaborately produced and a "sure winner" in any motion picture theatre. "Sunday" will be shown at the Dominion theatre to-night and Saturday.

THE OLD "SUNDOWNER"

CADET WILFRED SIMMS

Who plays the part of an old man in "Called to the Front," the patriotic drama to be presented at the Royal Victoria to-night by the Australian cadets.

TAKE THE KIDDIES!

A special matinee for children and their parents has been arranged by the management of Pantages theatre for to-morrow afternoon. On that occasion the kiddies will have an opportunity of seeing Mlle. La Toy's posing dogs at close range. These intelligent animals seem almost human in their actions, and dance in pairs, imitate a drunken man, ride pony back, and generally comport themselves in a very human manner.

There is plenty of entertainment for the grown-ups too. Musically speaking, the Lombardi quintette are as good as any on the vaudeville stage to-day, while the Santucci Trio, with their instrumental harmonies, have made themselves well-liked all the week.

Acrobatic, extraordinary is shown by the Bottomly Troupe, four wonderful gymnasts, while fifteen or twenty minutes of hilarious laughter are guaranteed by Charley Case, the lack-face comedian. A witty and right little sketch completes a big programme.

PRESIDENT OF BRITISH RED CROSS APPEALS

Lieutenant-Governor Receives Dispatch From Lord Lansdowne; the Greater Need

The following appeal has been received by the lieutenant-governor from Lord Lansdowne, the president of the British Red Cross society:

His Honor the Lieutenant-Governor of the Province of B. C., Victoria, B. C.:

I beg to inform you that the British Red Cross society and the Order of St. John, in view of the great demands upon their resources both in France and the Near East, have decided to make an appeal throughout the empire by street and other collections upon the 21st day of October next. The money received from this appeal will be devoted entirely to relieving the sufferings of our wounded soldiers and sailors from home and overseas at the various seats of war from all parts of the king's dominions. We have already received generous assistance in our work, but with the increase of British and overseas forces at the front, there is a corresponding increase in our expenditure, and we shall be truly grateful to you if you will help us by organizing an appeal and sending the proceeds to us for the objects which I have named. I shall be greatly obliged if you will kindly communicate the foregoing to your government.

Their Majesties the King and Queen, and Her Majesty Queen Alexandra, are giving us their gracious patronage, and I trust that you will also be able to see your way to help.

Yours faithfully,
LANSDOWNE,
President of the British Red Cross society, 53 Pall Mall, London.

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from fine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds, as their price is within the reach of all. 50c. box all druggists, or Peps Co., Toronto.

VERNON CAMP SENDS BIG DRAFT OVERSEAS

Nearly One Thousand Officers and Men Have Gone From B. C. Training Headquarters.

The Vernon training camp during the past four months has sent nearly one thousand men overseas ready for active service. The units which have furnished the drafts which have gone from time to time to the Canadian base at Shorncliffe are the 47th, the 54th, the 62nd, all of which sent one each consisting of 255 officers and men. The number was made up in each instance as follows: 5 lieutenants, 8 sergeants, 8 corporals, 2 buglers, and 232 privates. It is only recently that the 47th, in command of Lieut.-Col. Winsby, and the 62nd, Lieut.-Col. Hulme, commanding sent drafts to England. The remainder of the total number sent overseas from the mobilization camp to date has been made up of a draft of 55 men (in charge of Lieuts. Rolston and Lye) from the 11th C. M. R.; and details from the Army Medical corps and the 6th Field Company, Canadian Engineers. The 47th battalion has sent, since its organization, no less than three drafts overseas.

The announcement of the positioning for the winter of the troops now in the Vernon training camp is awaited with interest. It is not unlikely that the 54th battalion may remain at Mission Hill until orders are sent for the entire unit to proceed to the old country. The 47th, 62nd, 11th C. M. R. and other troops are expecting to break camp and make for the coast within the next fortnight. According to the instructions received from Ottawa recently one battalion, likely the 47th or 62nd, is to be quartered at Queen's Park, New Westminster; two other overseas battalions are to be quartered in Victoria, one of these to be the 67th Western Scots now at the Willows.

Alfred George Nex, whose home is at 632 Montreal street, is a member of the 62nd battalion overseas draft. Nex, who is only fourteen years of age, is accompanying the draft as bugler, and it is stated that he can sound reveille so well that not even the deepest-sleeping soldier can continue his slumbers when he is at the business end of the bugle.

One squadron of the 11th C. M. R. is officially stated, will remain in Vernon this winter, and will probably be quartered in the drill hall there.

FOOTBALL SEASON OPENS TO-MORROW

Three Senior Games Scheduled in Victoria Football Association; Lineups Announced

Soccer will be officially opened to-morrow afternoon, when the Victoria Football Association will start its senior schedule with the following games:

West vs. Jacksons, at Willows, referee Goward.

Thistles vs. Jacksons, Beacon Hill, referee Allen.

Fifth Regiment vs. 58th Fusiliers, North Ward, referee Locke.

Despite the fact that scores of local soccer stars have enlisted for the front and many of the most prominent faces of last year are now missing, the season which opens to-morrow promises to be one of the most successful in the history of the association. The entrance of the military teams gives the league even greater support than before, because thousands of soldiers now stationed here will take a keen interest in the soccer games as a result. To-morrow's game will be of interest because of the changed lineups, while the clash on the Wests and 58th battalion will enable the fans to get a line on the chances of the military teams against the city eleven.

Soccer Teams:

Sir John Jackson Football club in its match with the Thistles at Beacon Hill to-morrow. Sheriff and Tunncliffe; Niven, Blandall and J. Allen; McGregor, Nicoll, Grech, Grant and Douglas; reserves, A. Kerley and J. Stewart.

Thistles team: Leeming, Borland and Taylor, Muir, Adams and Brown, Bowden, J. Cummings, Philmore, R. Lea and Erickson; reserves, Perrie and Munroe. The game will start at 3 o'clock, and players are requested to be on hand not later than 2.45 p. m.

Victoria Wests: Robertson, Whyte and Shakespeare; Jackson, Church and Stewart; T. Heyland, McLeod, Sherratt, Youson, A. N. O'Farrell and Baker. Reserves, Gardner and Mesher.

Saturday the Juniors will play a friendly game with the new Oak Bay High School team at Central park lower ground. The game will commence at 2.30. For the Saturday game, the Y. M. C. A. will line up as follows: Goal, R. Whelby; backs, F. Halford and W. Baker; half-backs, E. Birdlake, W. Akerman and L. Young; forwards, B. Morley, J. Marsh, Art McDowell (capt.), A. Raybone and L. Francis. Reserves, Geoffrey Birdlake and J. Hedley.

Monday a game will be played against the Congregational team at Central park, the game being called for 10.30 a. m. The lineup is as follows: Goal, R. Wheeler; backs, F. Halford and W. Baker; half-backs, L. Young, Art Dowell and Len Fraser; forwards, W. Akerman, A. Haydon, Percy Willis, Archie McKinnon and Angus McKinnon.

GETS BELT BACK.

Chicago, Oct. 8.—The famous championship diamond belt presented to John L. Sullivan by admiring friends in 1887, and later left by him in Chicago as security for a \$4,000 loan, is again in the possession of the veteran heavyweight pugilist, it became known to-day.

Sullivan redeemed it from a jewelry firm yesterday, paying \$5,300. The trophy is made up of 350 diamonds and fourteen pieces of gold.

AUTO RACER DIES.

New York, Oct. 8.—Harry F. Grant, who a few days ago was injured while practicing for the Astor Cup race over the Sheepshead Bay speedway, died of his injuries to-night. Grant won the Vanderbilt cup in 1909 and 1910. Grant's death resulted from severe burns. While tuning up his car, the gasoline feed pipe broke and the backfire ignited a stream of leaking gasoline. The accident was the third Grant had had since he came into prominence as a racing driver.

MOUNTED EVENTS ON WILLOWS TRACK

B. C. Horse Teams Score High in Two Competitions With 5th Regiment Yesterday

B. C. Horse carried off the honors in both of the mounted events which were held yesterday afternoon at the Willows. These contests, which were to have been a part of the B. C. Horse gymkhana on Thanksgiving Day, provided plenty of excitement, the rival rosters cheering wildly as their favorites scored in the wrestling on horse back. In this event the artillery team were unfortunate in losing one of their men because of his horse falling. With the advantage of the odd wrestler, the winners gradually won down the artillery team, though it took them some time to accomplish the feat.

The Fifth Regiment scored a win in the Lloyd-Lindsay race, the section under Corp. Hewitt, reaching the wire two seconds ahead of Corp. Dobnie's section. The latter's squad, however, made up by their style and riding, winning the competition by two points over the Fifth Regiment entry.

Corp. Dobnie's team, Tpr. Rule and Tpr. Diamond, Fifth Regiment, Gnr. Walton, Corp. Jarvis, Driver Gold, Driver Featherstone, Driver Vel and Driver Barden.

Officers of the Ottawa N. H. A. champions have spiked the rumor that Alf Smith would be with some other club this winter by the announcement that Smith will again be back with the Senators. Smith is to be given an unlimited and free hand in the try-out and placing of his men. The club will sign the men recommended by Smith after which they will be turned over to him and he will be solely responsible for their success or failure after the season gets under way.

Montreal, Oct. 8.—Although no official statement has been made regarding the arrangements of the dates for the season of the National hockey association, it is more than likely that the schedule will be the same as a year ago, comprising 20 series, while the first game will be played close to the opening date of last winter. Owing to a Saturday this season, there will not likely be any Saturday games until after the first of the year.

Y. M. C. A. swimming clubs announce a swimming gala to be held in the association natatorium on Saturday, October 30. There will be two B. C. championship events, the 50 and 220 yards, and also the two chief life-saving trophies will be up for competition—the Benwell and Lord Desborough cups. Committees have been formed to complete arrangements.

W. T. Stanyon and D. Balnave of the Victoria Amateur Gymnastic club, recently went through the R. L. S. S. tests for the award of merit. The tests were conducted by Charlie Hopper, an official of the provincial body.

SAVAGE BEATEN.
New York, Oct. 8.—Jack Dillon of Indianapolis, administered a severe beating to Jim Savage of Orange, N. J., in their ten-round bout in Brooklyn. Savage was knocked down three times, but displayed great gameness. Dillon weighed 174½ pounds; Savage, 199½.

BILLIARD LEAGUE MEETING.
At a meeting of the Victoria English Billiard league held last night, it was decided to postpone any definite action in the carrying on of the league this year for another month. Several of the clubs are finding a difficulty in completing their teams, through the departure of their members for the front.

LOCAL FANS PETITION P. C. H. A. TO OPERATE VICTORIA HOCKEY FRANCHISE

Lester Patrick Will Present Strong Backing at Tuesday's Annual Meeting; Eastern Prospects

Widely signed petitions for the re-formation of the Victoria franchise in the Pacific Coast Hockey association will be presented to the coast moguls at the annual meeting of this body on Tuesday next at Vancouver. Hundreds of signatures of the most prominent business men in the capital have been secured by some ardent enthusiasts, and these lists will be presented to the meeting by Manager Lester Patrick, who will also put forth a strong appeal to have Victoria carried along as the fourth member of the P. C. H. A. The financial stringency has somewhat hampered the club owners in preparing their circuit for the coming winter, but Lester Patrick thinks that with such backing there is a splendid chance of the Victoria franchise again being operated here this winter.

Petitions have been circulated for the past week amongst the business men of the capital, while lists were also placed in the different clubs. The response was more than gratifying, and shows in no uncertain manner that hockey interest is far from being dead in the capital. The slump that the local team took last winter after winning two straight championships, somewhat turned the fans against the ice dogs, but Mr. Patrick confidently expects that with a re-organized team and the injection

of new blood, not only will the fans return to his support, but that he will be able to mould another winning combination. It is a huge task in view of the salary restrictions that he must work under, but he has delivered the goods before and can do so again.

Other business to come before the meeting will be the selection of a league president to replace Frank Patrick, who is retiring from office. It is likely that Ed Savage, the Portland pugnat, will be chosen. The choice of manager of the Seattle Hockey club will also be announced, while a definite statement with regard to the policy that the P. C. H. A. will follow this winter with regard to players will be announced. The salary cuts are sure to affect some of the men, but the magnates have determined to stand pat and will bring out the new blood, rather than be held up by the players.

Montreal, Oct. 8.—"Newsy" Lalonde is out with the announcement that he will play hockey in the east this season. Lalonde has had a great lacrosse summer, and now shows no sign of weakness in the injured shoulder which kept him out of hockey the greater part of last year. Lalonde and George Kennedy have already talked business, but did not get down to a definite basis.

Didier Pitre, another hockey veteran, is looking forward to a good season this year. Pitre is in great shape after his campaign with the Nationals, and expects to do a come-back this year.

Canadians have lined up almost all of their players. Wanderers have Ste-

ALEXANDER HAS WON TWO-THIRDS OF GAMES IN N. L.

Grover Cleveland Alexander was drafted from the Syracuse New York States league club in 1910. The following year, pitching for the Phillies, the famous boxman hung up a record of twenty-eight victories and thirteen defeats. He won nineteen and lost seventeen in 1912, but in 1913 he pitched in twenty-two winners and eight losers. Last year Alexander won twenty-seven games and lost fifteen, while up to date this season he has scored thirty-two victories, with ten setbacks. His record for five consecutive seasons in the National league, therefore, is 126 victories and 63 defeats.

PRIZES TO BE GIVEN AT CRICKET SMOKER

In connection with the distribution of prizes and presentation of the John Virtue cup, which is to take place under the auspices of the Victoria and District Cricket league to-morrow evening in the Cathedral schoolroom, Quadra street, an excellent concert programme has been arranged. Songs will be rendered by the following: J. M. Lea (baritone), Q. M. S. Ashby, Dunn, Conyers, Binks, H. H. G. Faulkner will recite "The Cricket Match," while Jack Bourke, more popularly known as "Yorkey," will be seen in mystery and magic.

Refreshments will be provided. The proceedings are timed for commencement at 8 o'clock prompt. It is anticipated that there will be a large gathering of local cricketers.

PETER SCOTT WINS ANOTHER FEATURE ON GRAND CIRCUIT

Lexington, Ky., Oct. 8.—Peter Scott, the Peter the Great-Jenny Scott stallion, well driven by Thomas W. Murphy, won the \$5,000 Transylvania stake, the chief attraction of the grand circuit card here yesterday, in straight heats. Worthy Prince was a close contender in the first two heats and Lizzie Brown in the third, but the winner was not extended and won apparently as Murphy pleased.

In winning the Tennessee stake, unfinished Wednesday, Veteran "Pop" Geers drove Napoleon Direct to a victory that broke the world's record for the fifth heat in a five-heat pacing race, finishing the mile in 2:01½. The heat was easy for Napoleon Direct. Peter Stevens, who won two heats, took second money.

The 2:09 pace, carried over from Wednesday after four heats, proved the longest and hardest-fought contest of the meeting but was finally won by Barlight, which won the first heat and the sixth and seventh heats to-day. General Todd, the George Todd, Miss Chomster colt, owned by H. B. Rea, of Pittsburgh, won the pacing division of the Kentucky futurity for 3-year-olds in straight heats from Lady Aubrey, Sed Thoughts and Arkangelo, the horses finishing in the order given in each heat.

There was a bad spill in the 2:12 pace, Patrick M. Bessie R. and Lord Seymour falling at the turn stretch, but neither the horses nor drivers were injured. The race went six heats and finally was won by Dwight Logan.

John E. Madol, announced that he has sold Walnut Tree to H. J. Schlesinger of Milwaukee. No price was given, but it was said it was in excess of \$10,000.

FOOTBALL ARMOR.

East Lansing, Oct. 8.—Football armor is returning to favor among M. A. C. gridgers, though gear which will be worn by the Aggies this fall will be cut along common sense lines. One of the innovations, which will be used principally by the blackfield men and the ends, is a sort of corset, lined with felt and covered over with heavy leather. It fits around the waist, protecting the hips and the lower ribs.

The gridgers' form-fit, as it has been dubbed by the squad, was first introduced last season by "Carp" Julian, who proved its efficacy for protective purposes. Following "Carp's" lead, the fashion is being generally adopted at the instigation of Coach Macklin.

WELSH AND MANDOT.

New Orleans, La., Oct. 8.—The Crescent City A. C., managed by Dominick Tortorich and Tommy Burns, ex-heavyweight champion, has acceded to Champion Freddie Welsh's demands for a twenty-round bout with Joe Mandot, to be staged here during the holidays.

Welsh is to receive \$12,000 as his end, win, lose or draw. Articles will be signed soon.

Quite a few deer are being shot around Shawanigan Lake. Bill Day will try for the regular quota this week.

GOLFERS' DRESS HAS CHANGED

New York, Oct. 8.—The day when the golfer thought it was necessary to look like a tramp to play golf is past. Golf clothing is now as formal as the dress suit.

At one time any sort of "fuda" were worn, and it was a common thing to see the most heterogeneous collection of clothing on the course. This never applied to women players, for they have always presented a neat appearance, for no woman likes to look unattractive, particularly to other women.

It was not an unusual sight to see a big car drive up to the clubhouse and unload a lot of men golfers whose dress was the last thing in the sartorial line. Ten minutes later the same crowd would make their appearance at the first tee in the worst lot of clothing imaginable.

Most of the golfers would wear the oldest sort of jawaaters, soiled shirts, without collar or tie, and trousers smeared with dirt they had rubbed from their hands after being. Some would wear coats, and some were without the one thing that is absolutely necessary to the English golfer. It was never possible to tell the station of the golfer from his golfing costume. Even men who wear evening clothes nearly every evening in the week were not guilty.

Then all of a sudden things changed.

Golfers came to realize that it was possible to be comfortable in well-fitting clothes; that it was possible to wear both collar and tie without interference with the golf; that soiled shirts and trousers were no longer de rigueur. Tailors began to make a specialty of golf clothing, and the knickerbockers of our youth began to make their appearance on the links in great number. As a result the sloppily-clad player is the exception now. Men, as well as women, are as well dressed on the links as off.

It took some golfers years to realize that it is possible to play golf in a coat. Men would wear sweaters, for these gave them plenty of freedom, but any tailor can build a coat that has the same advantages as the sweater. Naturally as the weather became warmer the coat in laid aside.

Over in Great Britain not to wear a coat on the links is as bad as driving a ball off a putting green. It is a custom that has been handed down for a century or more. In tennis, as in other sports over there, it is not necessary to don the coat, but it is just as essential a part of the golfer's clothing as are shoes. And this custom is the one that proved so much of a handicap for the American players.

PHILADELPHIA CAPTURES FIRST GAME ALEXANDER INVINCIBLE IN PINCHES

National League Champions Batted Shore Freely When Hits Meant Runs; Score 3 to 1

(By Frank G. Mencke. Philadelphia, Oct. 8.—Philadelphia, 3; Boston 1.

That's the story of the first game of this world's series, and Grover Cleveland Alexander did it. Moran's pitching phenomenon was hit by the Red Sox for eight wallops, but he was tight in the pinches and kept his hits scattered. Shore pitched a good game, but weak support at a critical point let to his undoing.

More than 20,000 baseball-mad fans saw the game in the little Phillies park here. Boston's war song, "Tessie," was drowned out by the Phillies rosters, who nearly went mad with joy at every advantage gained by Pat Moran's band. For the first four innings it was anybody's game. In the last half of that spasm Paskert got on and was brought in on Whitted's single. Both teams went runless until the eighth. In Boston's half Lewis singled and Speaker came home.

When the score was tied Boston fans loosened up and did their best to out-roar the Phillies crowd. But their triumph was short-lived. In the last of the eighth Scott spilled the beans. Bancroft smashed out a grounder. Barry got it and tried for a double. Scott was not on the job and a rally started which sewed up the game for the Phillies. Stock scored on Cravath's out and Luderus' single brought Bancroft home. That made the score 3 to 1 and the game was on ice.

In the first of the ninth, Carrigan sent in Hendrickson and Ruth to bat. Both fell down and Hooper's fly ended the game.

Philadelphia, Oct. 8.—The first of the games between the Boston Red Sox and the Phillies for the world's championship will be played to-day, as scheduled, despite the threatening weather.

Scott, s.e.; Speaker, c.f.; Hobbitzel, 1b.; Lewis, 1f.; Gardner, 3b.; Barry, 2b.; Cady, c. Shore, p.

A silver loving cup was presented to Patrick Moran just before the players took the field.

When the game began every seat in the ball park was taken up. The bleachers were jammed, and on every conceivable point which could contain a human form, some rabid fan was perched. The crowd was estimated at 20,000. The game was called at 2:04.

First Inning. Boston—Hooper up. There was a delay until a moving picture man could be sent from the field. Hooper singled over second. The Boston crowd howled. Scott up. Strike one. Scott sacrificed. Alexander to Luderus. Hooper going to second. Speaker up. Strike one. Strike two. Ball one. Foul. Ball two. Foul. Ball three. Foul. Speaker walked. Alexander appeared nervous. Hobbitzel forced Speaker. Bancroft to Niehoff. Hooper went to third. Lewis up. Hobbitzel was caught off first. Alexander to Luderus. No runs, one hit, no errors.

Philadelphia—Stock up. Ball one. Strike one. Strike two. Stock out on a foul to Cady. Bancroft fled out to Barry. Paskert fouled out to Hobbitzel. No runs, no hits, no errors.

Second Inning. Boston—Lewis split a hot single to left. Gardner sacrificed. Alexander to Luderus. Lewis taking second. Barry hit to Alexander who threw to Stock to hold Lewis at third. Stock threw to Bancroft who touched the runner out. In the meantime Barry went to second on a fielder's choice. Cady up. Burns saved Alexander a wild pitch by a nice stop. Cady struck out. No runs, one hit, no errors.

Philadelphia—Cravath up. The crowd gave the home-run hitter a big hand when he came to bat, while the outfielders backed against the fences. Cravath walked. Barry took Luderus' grounder and touched Cravath on the line. Luderus was safe at first. Barry's throw was late to catch the runner. Luderus was out stealing second. Cady to Barry. Shore showed fine speed and a puzzling curve. Whitted walked. Niehoff struck out. No runs, no hits, no errors.

Third Inning. Boston—Shore out. Niehoff to Luderus. Alexander worked his low ball on the Boston batters. Hooper fled out to Whitted, who had to back up to make the catch. Scott shot a hot liner to left centre for a base. Speaker fled out to Whitted. No runs, 1 hit, no errors.

Philadelphia—Burns fled to Scott. The stands gave Alexander, the Philadelphia pitcher, a great cheer. Alexander scratched an infield hit, which Gardner could not field in time. Stock forced Alexander. Gardner to Barry. Bancroft went out to Hobbitzel unassisted. No runs, 1 hit, no errors.

Fourth Inning. Boston—Hobbitzel was thrown out by Niehoff at first. Lewis fanned and the crowd howled. Gardner singled over second base. Barry fled out to Cravath. No runs, 1 hit, no errors.

Philadelphia—Burns fanned. Alexander fled out to Lewis. Stock was safe on Shore's fumble of Scott's grounder. Shore threw out Bancroft at first. No runs, no hits, 1 error.

Sixth Inning. Boston—Speaker fled out to Whitted, who made a nice catch. Hobbitzel singled to right. Cravath almost making a shoestring catch. Lewis fanned. Hobbitzel stole second as the batter struck out. Gardner fled out to Burns. No runs, 1 hit, no errors.

Philadelphia—Paskert out by the Shore-Hobbitzel route. Cravath fled out to Speaker. Barry threw out Luderus. No runs, no hits, no errors.

Seventh Inning. Boston—Barry singled over short. Cady sacrificed. Alexander to Luderus. Barry took second. Shore struck out. Hooper fanned. No runs, 1 hit, no errors.

Philadelphia—Whitted fled out to Lewis on a catch near left field fence. It looked like a home run when it started. Niehoff went out. Shore to Hobbitzel. Barry threw out Burns. Pretty fielding play. No runs, no hits, no errors.

GRAND TRUNK GETS NEW MANAGER OF TELEGRAPHS

A circular issued by President E. J. Chamberlain announces the appointment as manager of telegraphs, Grand Trunk and Grand Trunk Pacific railways, of H. Hulatt, vice A. B. Smith, resigned on account of ill-health.

News of the resignation of Mr. Smith on account of ill-health will be received with keen regret in railway and general business circles. He has taken a prominent part in the development of telegraph and telephone engineering in Canada. A native of Montreal, Mr. Smith entered the service of the Montreal Telegraph company in 1882 and rose to the position of superintendent of construction of the Great Northwestern Telegraph company, which took over the maintenance and operation of the Montreal Telegraph company's lines. He joined the Grand Trunk Pacific railway as manager of telegraphs in 1905 and under his management the telegraph system of the Grand Trunk Pacific has been brought into being, and an efficient commercial telegraph service organized. In 1913 Mr. Smith's jurisdiction was extended to include the entire Grand Trunk railway system.

Mr. Hulatt, the new manager, was born in London, England, and prior to coming to Canada had extensive commercial and journalistic experience. He joined the Grand Trunk Pacific in 1907 and has been Mr. Smith's principal assistant in the construction of the Grand Trunk Pacific telegraph lines, the organization of the G. T. P. commercial telegraph service and the railway time service department.

TO BURN OIL

According to an announcement made today by the Panama Pacific line, the White system of oil-fuel instead of coal is to be employed aboard the cruising steamers Finland and Kronland on the seventeen-day run from New York to Los Angeles and San Francisco via the Panama canal.

The Finland and Kronland, 22,000 tons displacement, are the largest vessels ever equipped with oil-burners, and the necessary changes which will be made during November and December will not interfere with the scheduled sailings.

MARIPOSA AGROUND NEAR BELLA BELLA

Fine Steamer Came to Grief
Last Night While Bound
for Alaska

NOTHING KNOWN AS TO
SAFETY OF PASSENGERS

Salvor Being Dispatched To-
night to Vessel's Assistance;
Ship's Standing By

Heeled badly over on her side, and with her fore-peak and holds full of water, the fine passenger steamer Mariposa, Capt. O'Brien, of the Alaska Steamship company, lies in a precarious position near Bella Bella. Wireless messages have been sent out for help, and several ships are believed to have responded. The steamer Salvor, of the R. C. Salvage company, is being made ready to leave port to-night to float the stranded ship.

Quoting the censorship on the British Columbia radio stations, no information can be gleaned from the local authorities as to the cause of the accident and as to the true condition of the hull. The first news received here of the Mariposa's mishap came in a telegraphic dispatch from the chamber of commerce at San Francisco. An "S. O. S." signal had been picked up there.

The Mariposa was northbound from Seattle, which port she left on Wednesday, and had quite a number of passengers on board booked to various Alaska ports. Nothing is known as to the passengers, but it is presumed that all left the ship safely. The position where the vessel is stranded is protected. The impact came some time last night, when many people were asleep.

Salvor Ready to Sail.
Messages were relayed to Victoria to have the Salvor dispatched. Capt. W. H. Logan, special representative of the Salvage association of London, was busy to-day getting his crew together, and getting necessary gear on board as well as provisioning the ship. The barge W. H. Case is to be towed by the Salvor to the scene of the accident. The Mariposa has 1,200 tons of cargo in her holds, and the bulk of this will have to be lighted before she can be floated. Divers will force their way into the holds and remove the freight.

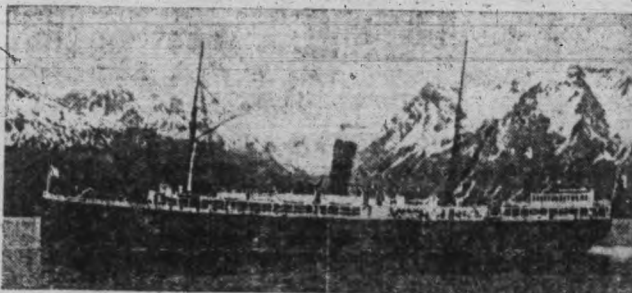

Some of the men required for the salvage job, including Capt. Stratford, master of the Salvor, have been working in Seattle on the sunken steamer Admiral Watson. These men will leave the Sound port to-night on the Princess Charlotte, and will be transferred at sea to the Salvor. Arrangements have been made to have the two ships meet in Active Pass at an early hour to-morrow morning.

It is expected that the Salvor will reach the Mariposa early on Sunday. A survey will immediately be made, and the work of floating the craft started in earnest.

Fine Vessel.
The Mariposa is one of the finest steamers operating out of Seattle to Alaska. She is a sister ship to the Alameda. For several years she operated out of San Francisco to the South Seas. About three years ago she was purchased by the Alaska Steamship company. She is a steel, single-screw vessel, of 1,155 gross tons. She was built at Cramps' yards, Philadelphia in 1883, and has a length of 214 feet, a beam of 41 feet, and a depth of 20.5 feet.

ORIENTAL PIRATES

STILL VERY ACTIVE

Japanese Destroyers Fought
With Chinese Gang on Island;
Many Sea Hold-ups

Chinese pirates still infest Oriental waters to an alarming extent. Although no raids have been carried out on any of the big merchant ships for some little time, the pirates are making a prey of the Japanese and Chinese fishermen and other small craft. Frequently a Chinese warship rounds up a gang, but an appeal usually has to be made to a Japanese squadron to assist in making a capture.

Word was brought to this city by Capt. Noma, master of the Nippon liner Aki Maru, that a Japanese fishing boat left Port Arthur on September 17, and when one mile off shore was attacked by a piratical craft. Sixteen shots were fired at the fisherman, and one of the crew was injured. When the pirates discovered that the craft and nothing of value aboard they left her.

Pirates Run Down.
The matter was immediately reported to the Chinese and Japanese authorities. The pirates, numbering forty, landed on an island near Chefoo. A Chinese force was sent to capture them, but was unsuccessful, whereupon an appeal was made to the 15th Japanese torpedo flotilla. A lieutenant with 40 blue-jackets was sent ashore. A serious engagement took place, and a petty officer was fatally wounded. As darkness fell the pirates scattered and the Japanese being unable to pursue them returned to their flotilla, taking with them three prisoners. Two pirates were killed.

Oriental waters for many years in the past have been afflicted with the piratical plague. A couple of decades ago the men carried on their vile practice in a most notorious manner, and the small ships were safe. Recently several very wily tricks have been played by the pirates on unsuspecting merchantmen. In the case of the Tai On, about 50 pirates boarded the ship as passengers, and when the vessel was about 40 miles from shore, they turned on the ship with a gun. The captain, who was a Britisher, made a dive for his cabin and although greeted by a fusillade of shots, he escaped injury. He then opened fire on the pirates. This deflected the attention of the pirates, and other officers got their guns. Finding that their game was up, the marksmen went below and set fire to the ship, and battered all the lifeboats so that the passengers could not leave the ship. Several junks belonging to the pirates then slipped alongside, and took the victims off.

The badly-chained craft was towed back to Hongkong with her iron frames a badly mangled mass, and carrying the bodies of the victims. Several hundred Chinese lost their lives in this outrage.

Drastic action is being taken by the Chinese authorities to put a stop to piracy, and in this they are receiving the support of the Japanese navy.

CANAL MAY BE TIED

UP FOR SOME TIME

Col. Goethals Says It May Be
Closed Until December; to
Use Magellan Route

Bad news came over the wire from Panama to-day. The great canal may be closed for several months, as the work of dredging will be far more extensive than at first anticipated. As a result of this most of the vessels which have been held up at both ends of the waterways have been ordered to use the Strait of Magellan, and other vessels which are now leaving North Pacific coast ports are being instructed to give the canal a wide berth and circumnavigate the South American continent.

The telegraphic dispatch from the canal zone to-day was as follows: "The Panama canal will remain closed until all danger of serious slides in the Gaillard cut is passed. Major-General George W. Goethals, governor of the canal zone, yesterday issued orders to the dredging engineers to blast away the tops of the hills, in order to bring into the channel all loose dirt and thus permanently remove the source of the slides."

"General Goethals was unable to say when the canal again would be in condition for the passage of ships, but said he would leave November 1, the date to which the canal has been officially closed, unchanged."

"General Goethals, however, expressed the personal opinion that the canal would be closed much beyond that date. There would be no effort to maintain a temporary channel for the use of a few ships. When the canal was re-opened, the governor said, it would be with a permanent channel through the cut, even if this work should take the remainder of the year."

Ninety-five at Balboa.

Yesterday there were 95 deep-water ships tied up at Balboa, awaiting the decision of the canal zone as to whether or not they should proceed via the Magellan route. Some of the vessels are discharging their cargoes for shipment by rail to Colon. As a result of ships being ordered to take the southern route, new insurance policies have to be secured by the shippers of cargo.

NO BRITISH SHIPS TO SAIL FROM NEW YORK

Sailing Dates of Lapland, Saxonia, Orduna and Adriatic
Cancelled; Few Ships Left

Following the cancellation of the sailings of the liners Lapland, Saxonia, Orduna and Adriatic out of New York there will not be one British ship plying in the trade between Liverpool and the United States. The reason for the cancellation of the last quartette of flyers is not known. Owing to the extended fields in which the allies are operating additional fast transports may be required, and this probably accounts for the disappearance of these vessels from the Atlantic passenger trade for the time being.

The Saxonia, of the Cunard fleet, was scheduled to leave New York to-morrow. The White Star liner Lapland was being booked with a full passenger list for October 20, and the Orduna, flying the Cunard houseflag, was to have left three days later. This is the first time since the outbreak of war that the Orduna has been interfered with by the British. A German submarine tried to interfere with her while she was inbound to Liverpool some little time ago, and although under a heavy shell-fire she succeeded in escaping. The Adriatic, of the White Star, was to have left New York on Saturday of next week.

Few Ships Left

With the departure of these fine ships very few leviathans are left in the Atlantic trade. Travel, however, is not exceptionally heavy at present but the loss of these vessels will cause a congestion on the remainder. The American, Holland-American, Fabre and French lines are still in the business, but there is no telling when the latter two lines may be forced to suspend operations.

Local steamships received word yesterday that the outward trip from New York of the American liner St. Paul for Oct. 23 had been cancelled. The ship is immune from attacks by submarines.

MAZATLAN RETURNS

FROM MEXICAN TRIP

Mexican Steamer Which Tried
to Assist Leipzig Is Back
in San Francisco

San Francisco, Oct. 8.—After many vicissitudes, along the Mexican coast and an absence of a year from San Francisco during the greater part of which time she was held by Governor Cantu at Ensenada, the Mexican steamer Mazatlan, formerly owned by Capt. Fred Jensen, arrived here late yesterday. The vessel is now the property of the executive company, which is supposed to be Flood Bros., of this city.

The Mazatlan left here last September with a cargo of coal and provisions, which were alleged to be for the German squadron scouting about outside. It was on board her that Duncan Smith, well-known in this city, defied the commands of German naval officers to establish wireless communication with the Leipzig. The Mazatlan discharged her coal at Guaymas onto lighters and the Leipzig immediately steamed in and took it.

Split Her Mainmast.

In a northerly gale encountered 250 miles off Point Reyes, the American schooner Virginia had her mainmast split and put into San Francisco for a new one, arriving yesterday afternoon. The Virginia was fifty-four days from Pinalta, South America, and was en route to Eureka to load a lumber cargo for Australia.

On her first trip as one of the fleet of the Oregon-California Steamship company, the steamer Tampico arrived from the east coast yesterday afternoon. She brought a large general cargo to this port and will proceed north from here.

M. H. Houser, the well-known grain exporter, has chartered the British steamer Morgan Abbey to load a cargo of wheat at Portland for the United Kingdom, at 100s.

Sailer's Slow Passage.

Advices received by the marine department of the chamber of commerce state that the French ship Lannec arrived at Limerick last Saturday. She took a cargo of 55,328 cwt. of wheat, valued at \$142,000, shipped by M. H. Houser.

The sailing vessels of both the Oregon and Puget Sound 1914-15 grain fleet, as well as several of the California fleet, have, on an average, made generally longer passages than is usually the case, but the Lannec's time of 198 days is so far the record for the season.

The steamer Panaman, of the American-Hawaiian Steamship company, which arrived at Boston September 23, delivered the first cargo of Hawaiian sugar received at Boston in years. She had 137,994 bags, weighing approximately 12,000,000 pounds. It is one of the largest single shipments of sugar ever sent to Boston. The American Sugar Refining company was the consignee. In addition to the sugar, the Panaman had 1,000 cases of canned Hawaiian pineapple.

Vancouver, B. C., Oct. 7.—Captain Jacobson, of the Am. schr. Expansion, which arrived during the night from San Francisco, ballast, reports a very rough trip on the way up the coast. The voyage occupied 20 days and the captain says every day was dirty. The vessel will load 500,000 feet of lumber at the Hastings mill for Australia. The Expansion is quite a Vancouver trader, for she has here last spring and took cargo for Suva. The str. Cycle, formerly the Weir-line Lovers, has been at Powell river. She is due here Saturday to take 1,000,000 feet of rough lumber at the Hastings mill for Sydney, N. S. W.

San Pedro, Oct. 7.—The str. Edgar H. Vance, bound from Puget Sound for Antofagasta, called to-day for fuel and water. Lumber carriers arriving to-day were the str. Multnomah, from Portland, with 1,000,000 feet of lumber, and the str. Bowdoin, from Eureka, with 800,000 feet of lumber. The str. Governor sailed to-day for Puget Sound ports with passengers and freight for the Pacific Coast Steamship company. With the balance of a cargo of lumber loaded at Grays harbor, the str. San Jacinto sailed to-day for Huamantla, Port Gamble, Oct. 7.—Sailed: Str. Johan Poulsen, from San Francisco. Arrived: Bk. Nelson, from Eagle Harbor, towing.

ADVERTISE IN THE TIMES

AUSTRALIAN BOYS ARE HIGH SCHOOL GUESTS

Cadets Speak of Their Native Land and of Impressions Gained Traveling

Nearly seven hundred pupils of the Victoria High school assembled in the school auditorium this morning to give a welcome to the members of the Young Australia league who reached Victoria yesterday. The visitors were received at the entrance of the building by a company of Victoria school cadets, under command of Lieutenant Harvey. They then filed down the hall being given a very hearty welcome, and took their seats on the platform, where Principal Willis introduced Lieutenant Simons.

Three of the visiting boys spoke to the audience, telling them of Australia, and of things they have learned by comparison in their travels from San Diego to Victoria. Cadet Stock spoke of the school system of Australia and the military training. Cadet Melrose, the small drum major of the band, told them of the climate of his home land and explained the reason for the stars on the Australian flag. Cadet Steve Lewis, proved to be possessed of a humorous turn of mind, and had the boys and girls laughing all the time. He spoke of peculiarities of Australia to such an extent that the audience did not know how to distinguish his jokes from his facts. The speeches closed with a short address on federal relations by Lieutenant Simons, who suggested a future scheme of thirty or forty girls from Australia being exchanged to homes here and Canadian girls sent to Australia for six months in the year. He advocated this as a plan for closer friendship between the nations, and foreman that a great deal of good would come of it when it was in operation.

In his reference to the school system and cadet work in Australia, Cadet Stock said the school system there was much the same as here, but where Victoria had no cadets, in Australia every boy must serve as a cadet from 12 to 14 years of age. During this time he got physical drill. From 14 to 18 he received higher military instruction, and from 18 to 25 was instructed in modern warfare methods. By this training, said Cadet Stock, Australia, in four to five years would have a standing army ready to fight of 600,000 men out of a population of 5,000,000.

Referring to his visit to California, the cadet said that the Californians had the nerve to claim the eucalyptus tree as the natural product of California, where they grow fifty to one hundred feet high. In Australia, the cadet informed his audience with great pride, the eucalyptus tree grows as high as 160 feet. He advised Victorians to "boost" more, because until he got here he had not heard much of Victoria, but he knew all about California long ago.

The young cadet went on to describe the magnificence of Sydney harbor, and other wonderful things in Australia. He was becoming enthused in his subject, using the superlative freely when Lieut. Simons halted him by a suggestion that he was not in California. The cadet then concluded as follows: "Australia is absolutely the best country on earth. I have been in California some time, and have learnt the way to say it."

"The climate of Western Australia," Cadet Melrose said, "is the finest in the world, just like that of Victoria, and there we can grow any vegetable or fruit on earth." In this ideal climate, he said, they had never seen snow or ice except in the local works. He and his friends were looking forward to visiting the east and seeing snow for the first time in their lives.

He explained that the Australian flag had five stars, representing the Southern cross, and one big star representing the federal territory. The sixth star was seven-pointed, six of the points being one for each of the states of the union and the seventh to represent added or conquered territory. "They had to do it that way," he said, "because there might not be enough flag to carry all the stars if they enough a star for everything they might conquer in the future." He said that Australia was a country of peace. There had hardly been a hostile shot fired on her territory, and for this reason the stars of the magnificent flag were taken down from heaven because of their high ideals. As the little boy sat down there was a tumult of applause for him from the seven hundred scholars present.

Steve Lewis told all about kangaroos, boomerangs, natives of Australia and many quaint things. His stories were humorous and the audience did not seem quite real, but they gave him a splendid hand-clapping when he ended. Lieut. Simons said that since coming to Victoria he had found that Webster's dictionary was not half a book. There was so much of English as she is spoke in Victoria that the dictionary was very incomplete. It was only yesterday, he said, that he learned what a 'gink' is. This caused a shout of laughter. In Australia, he added, there was also a very expressive language, but it was used only on sheep stations and among bullock drivers. He closed his address by advocating closer relations as nations and as people, and thanked the high school principal for the welcome accorded the cadets.

At noon the visitors were the guests of the high school cadets corps at lunch. A very pleasant event in their first day's visit to Victoria was experienced by the Australian Cadets yesterday afternoon when they availed themselves of the kind invitation extended by His Honor the Lieutenant-Governor and Mrs. Barnard to take tea at Government House. The troop, in

charge of Lieut. Simons, marched up from the Empress hotel, reaching Government House about 4 o'clock. There they formed up in the ballroom, and were inspected by His Honor, who later addressed them briefly, welcoming them, and commenting on the pleasure which their visit to British Columbia had afforded the people of this province.

Tea was served in the dining-room, a number of young ladies assisting Mrs. Barnard in entertaining the visitors. About 5.30 the little band of cadets in their smart uniforms bade adieu to their hostess, re-formed their ranks in front of Government House, and marched back to the city, the occasional fanfare of bugles and ruffles of drums indicating their route as they made their way through the streets.

The Australian cadets to-night will give a performance at the Royal Victoria theatre, staging for the first part a patriotic extravaganza, "Called to the Front," in which most of the thirty-five Australians will take part. The second part of the programme will consist of musical and comedy numbers by the boys. The programme is the same as that given at Vancouver, where several hundred people were turned away at the first performance. At the second given some days later, the Australians took the Orpheum theatre, and there also had to turn away some hundreds.

The tour of the cadets so far has been very successful. They have visited ninety-seven cities in the United States, and have met with a splendid reception. They will leave Victoria tomorrow afternoon for Vancouver, and will go from there to Kamloops and to the eastern Canadian cities. Arrangements have not been completed yet for a trip to England, but the cadets expect to go home that way.

IRON MAGNATE IS A VISITOR HERE

Head of Rogers, Brown Company Speaks on War's Stimulus to U. S. Trade

Mr. and Mrs. William Arthur Rogers arrived in the city with Miss Rogers this morning from the east, en route to Alaska. Mr. Rogers is president of the Rogers, Brown Iron Co., of Buffalo, the largest manufacturers of pig iron in the United States, with blast furnaces in Buffalo, Chicago, Detroit and elsewhere.

Speaking on the stimulus given to the industry by the war, Mr. Rogers said: "The wave of prosperity which has long been foretold appears to have come at last, particularly in the east, although it does not yet appear to have proceeded far west of Chicago. The steel and allied metal industries are working at high pressure on munitions, while other plants like the textile industries have been called upon to put in new machinery to meet the extra demands, and all this added demand has reached throughout the country in the distribution of additional orders."

"With the exception of the permanent, which has been coming through in dribbles from the United Kingdom, the material is all available in the United States for steel manufacture, and plants for the supply of the missing metal are being established now in the States. There seems to be no possibility of a cessation of exceptional conditions while the war lasts, and even if the present position of the United States as a neutral were altered, it is the only country which could supply the munitions demanded in Europe."

"The activity is giving a wonderful stimulus to the United States as an exporting country, and creates a set of conditions which have hitherto been unknown in the world of finance."

Mr. Rogers is delighted with Victoria, where he is now making his first visit, and expresses the hope that he may be able to winter here.

From Alaska he expects to visit California, Mr. Rogers is director of several iron, mining, and coal companies in various parts of the United States. He has been associated with the pig iron industry for 40 years.

W. B. SMITH DIES AFTER SHORT ILLNESS

Well-Known Undertaker Came Here Many Years Ago

The death occurred very suddenly this morning, following a short illness, of William B. Smith, proprietor of the Victoria Undertaking parlors, this city. The deceased gentleman passed away at his home, 645 Craigflower road. As recently as Monday last Mr. Smith was about his business as usual, and took charge of the arrangements for a funeral, and the news of his death will come as a grievous surprise to many friends who have chatted with him within the past week.

The late Mr. Smith came to this country from Birmingham, England. He was approaching his sixtieth birthday, and had lived in Victoria nearly half that period, having come here in the early days. He was twice married, the second time to Miss Jean Thompson, of Galt, Ont., about ten years ago. Mrs. Smith survives him.

A man of genial and pleasing personality he numbered among his friends many of the leading business men of the city. An engineer by vocation he had followed various businesses since coming to this city. For some time he ran the "Coach and Horses" hotel on Esquimalt road. Later he established a bottling business, where he worked-up a splendid industry in bottling soda water, ginger-ale, etc. It is about six or seven years ago that he undertook his final business, that of undertaker, his first stand being below Government street on Yates.

Mr. Smith was a member of the Knights of Columbus, and was a social member of the A. O. U. W. Funeral arrangements are being made, and will be announced later.

ARRIVES IN CITY

Darwin P. Kingsley, President of New York Life Insurance Co., Here To-day.

A very prominent insurance man, Darwin P. Kingsley, president of the New York Life Insurance company, came off the Seattle boat this afternoon, and after calling on Sir Richard McBride, went for a motor tour of the city before leaving on the afternoon boat for the mainland.

Mr. Kingsley is returning from a meeting of the World's Congress, and a meeting of his department heads, held at San Francisco.

Since 1907 he has held his present position, having previously been vice-president. He is a director of several important companies, and a life member of the American Museum of Natural History. Mr. Kingsley's home is at Riverdale, N. Y. He was accompanied here by two friends from Seattle.

Harvest Festival Services.—The Harvest Thanksgiving service in St. John's church last evening was very beautiful and impressive, and a large number of the clergy of the city were present. The sermon was delivered by the Very Rev. Dean Schofield, and others who took part in the service were: Rev. Rural Dean Baugh-Allen and Rev. H. A. Collinson, the Revs. Canon Cowley, J. H. S. Sweet, F. H. Fatt, Gilbert Cook, and the rector, Rev. F. A. P. Chadwick. The decorations which had been superintended by the church guild, were most beautiful, and the music rendered by the choir maintained the usual high standard of excellence. The services will be continued on Sunday when Ven. Archdeacon Heathcote, of Vancouver, will be the special preacher, both morning and evening, and at the children's service, in the afternoon at 3, Rev. R. A. Hiltz, of Toronto, will give the address.

LOCAL NEWS

Automobile on Fire.—The fire department has extinguished a fire at the corner of Vancouver and View streets, caused through automobile number 3349 backing. The owner is W. Blockford.

Wanted to Marry.—In the supreme court chambers this morning an application was made on behalf of Robert Mike, of Clallam county, Washington, and Mary Ann Christine Harrison, of Belcher Bay, asking permission for them to marry. They are Indians and the Miss Harrison is under age. The application was refused.

Fifth Regiment Band.—At the concert to be given at the Royal Victoria theatre by the Fifth Regiment band on Sunday evening some special items will be provided in addition to the band numbers. Mrs. R. H. Pooley, who will be accompanied at the piano by Mrs. C. Bridgewater, will sing "The Sunshine of Your Smile," and beside this well-known vocalist there will be Jack Lea, who will sing also, and Corporal Willis, who will give a clarinet solo.

New City Jail.—The new city police station and jail has progressed so far towards completion that the police commissioners consider it time to secure a janitor for the building. Applicants have to possess a special certificate as a heating engineer to the satisfaction of the provincial boiler inspector. It is expected that the building may be occupied by the police force by the end of the month.

Gift for Red Cross.—The Red Cross society has received a welcome gift from the Victoria civic employees. This is a cheque for \$800, being the money diverted from the amount voted by the civic employees for a machine gun. The amount in a sense compensates for the shortage over the anticipated week's returns for the local Red Cross, which are considerably reduced owing to the special appeal sent out by the British Red Cross which asks for an imperially-observed tag day on Trafalgar day in aid of the funds of the older organization.

Campbell's Patriotic Club.—A hand-made lace handkerchief, raffled amongst the members of the Campbell Patriotic fund in aid of the Club's Soldiers' Tobacco fund, fell to Mrs. Pitter at the "drawing" held on Tuesday evening. The handkerchief was made and presented to the club for raffling by Miss Dickson. At the meeting on Tuesday a letter of thanks and acknowledgment from a soldier at the Dardanelles who had received a pair of socks sent by the club was read, the recipient, who had one time visited the coast, being with the Australian troops at the present time.

Victoria Day Nursery.—The following further donations, in connection with the report of the Victoria nursery birthday party, are gratefully acknowledged by the committee: Cash, Mrs. R. A. Brown, Mrs. T. J. Jones, Mrs. H. E. Young, Jan. Mrs. T. J. Jones; tea, Mrs. W. J. Roper. The committee is particularly grateful to

Mrs. Peter Turner, who kindly undertook to hem all the curtains for the nursery windows, some two dozen in number.

Business Meeting.—The Men's Own Bible class of the First Congregational church, has arranged for a special business meeting and social evening to be held on Tuesday next. A discussion will be held on "How Best to Utilize the Clubroom During the Coming Winter Months." The officers of the Men's Own feel that there is a large field of usefulness open to the men of the church, and invite to this meeting all those interested, especially the adherents, whose experience and advice would be welcomed. The pastor, Rev. Chas. A. Sykes, B. D., will be present, and a large attendance is requested.

OBITUARY RECORD

At the Royal Jubilee hospital on October 5, occurred the death of Alfred Newburn, a resident of this city for the past two and one-half years. The late Mr. Newburn was 46 years of age. He was a native of England, and came to this country some years ago, his home in this city being at 413 Davis street. He is survived by four children; also one brother, Walter Newburn, of 304 Mary street; and one sister, Mrs. Alfred Gilson, of 740 Hillside avenue. Two sisters and a brother still live in England. The funeral will take place to-morrow afternoon at 2 o'clock from the Sands Funeral parlors, Rev. E. G. Miller officiating.

The funeral of Mary Woodward, aged 3 years and 3 months, whose death occurred on October 5, took place yesterday afternoon from the Sands Funeral parlors. The hymns sung were "When He Cometh," and "Nearer, My God to Thee." Rev. W. Stevenson officiated.

The funeral of John Trotter took place yesterday from the Thomson Funeral chapel at 1 o'clock, Rev. J. G. Inkster officiating. There were many friends present, and the casket was covered with beautiful flowers. Interment took place at Methoon, a short service being held there at 3 o'clock. The following acted as pallbearers: Messrs. M. Pears, J. Foster, T. Heilston, Chesterfield, L. Field and F. Higgs.

In a city boarding house some time ago the guests were working away at the evening meal when Mr. Jones broke through the din of clattering knives and forks. "I was reading of a new cure this morning," he remarked, glancing around the table. "It seems that you take off your shoes and stockings and walk barefooted." "What is you think of that cure, Mr. Jones?" eagerly interrupted the landlady, who had also read the story. "Do you really think that walking barefooted through grass will make one strong and healthy?" "Well," smiled Mr. Jones, strenuously trying to cut a piece of meat, "it seems to have made this beef pretty tough."

Mrs. Smith, Obed avenue, will not be at home to callers on Tuesday afternoon next.

SOME OF CLAIMS ARE FOR LARGE AMOUNTS

Figures in List Filed by Liquidator of Dominion Trust

Vancouver, Oct. 8.—The list of depositors filed in the supreme court today by Andrew Stewart, liquidator of the Dominion Trust Co., in obedience to Mr. Justice Murphy's order, shows that about 60 per cent. of the money held at the time the company closed its doors had been paid in since March 4, 1913, after the legislature had cancelled the deposit powers of the company.

Some of the deposits run to very considerable figures. The largest deposit in the Calgary branch was one of \$7,401, in the name of Hans Stoeckle. As the gentleman gives his home address as Berlin, Germany, sympathy for him probably will be limited. At Charlottetown the average amount of the deposits runs particularly high, many of the accounts being obviously commercial accounts.

In Nanaimo Alex. Fraser was the heaviest depositor, with a claim for \$4,377. Mrs. M. K. Carpenter has a claim for \$5,300; Kenneth Gordon, \$2,983; Joseph Cuffaro, \$2,870; George Brown, \$2,405, and M. Lowther, \$2,355. At New Westminster, James Gammel, Emil Lindquist, W. A. Millburn and Sarah E. Rawlinson, all have claims for \$2,000 or over.

In Vancouver the largest single claim is that of the trustee of the C. H. C. for \$13,821, but this amount is said to have been entered improperly as a deposit in the company's books. James Stark & Sons have a claim for \$9,628, while E. P. Miller, former assistant manager of the company, has a claim for \$5,770. Mrs. Miller also is a claimant for \$3,218. James Ramsay, another director, deposited \$2,910, and Andrew Clubb, \$197. A. G. Brydson-Jack deposited \$213 and R. L. Reid, K. C., \$113.

Among the larger claims are those of C. Lester for \$11,188; Nell McTaggart, \$3,559; Albert Sullivan, \$4,020; S. E. Crofts, \$5,017; James Grayson, \$3,763; Edgar Hooper, \$1,651, and the Dewdney Dyking commissioners for \$4,350.

Following the filing of the list of deposits, all of which are entered as disputed accounts which must be proved, a general meeting of the Dominion Trust depositors has been called to be held in the Dominion Trust building at 8 o'clock on Tuesday evening, when a report on the progress of the litigation will be delivered by the depositors' committee. All depositors are invited to attend the meeting. This will be the first meeting held for several months and has been awaiting progress in the course of the litigation.

SAY GERMAN FORCES ARE SOUTHWEST OF BELGRADE

Berlin, Oct. 8.—It is claimed in the official statement issued to-day that the Teutonic invasion of Serbia is proceeding favorably; the crossing of the Drina, the Save and the Danube rivers by the German and Austrian armies under Field-Marshal von Mackensen being reported.

The capture of three cannon opposite Ram is announced.

The statement adds that German forces have penetrated Serbia to the southwest of Belgrade for a considerable distance, having captured 4 officers, 296 men and 2 machine guns during the fighting which attended the advance.

ASKED FOR PASSPORTS AT SOFIA LAST NIGHT

Sofia, Oct. 8.—The ministers representing the entente powers asked for their passports last night. The Italian minister joined with the French, British and Russian representatives in this action, although he had handed no note to the Bulgarian government.

AIKINS DECLINED TO PRODUCE LETTER

Winnipeg, Oct. 8.—Sir James Aikins appeared in Magistrate Macdonald's court yesterday afternoon in answer to a summons which required him to produce a letter written to him by E. W. Simon, the parliament buildings architect. He was not called to the witness box, but he informed the court that he could not produce the letter, and the magistrate upheld his plea of professional privilege.

The letter in question was written by Mr. Simon to Sir James when the latter was acting as the architect's solicitor, and is understood to have conveyed information to the effect that a campaign fund was being raised through the parliament buildings contract. When on the witness stand Mr. Simon stated that he had no objection to the letter being produced, and Sir James according was served with the subpoena.

HEAVY FIGHTING IN REGION OF DWINSK

Petrograd, Oct. 8.—There is renewed military activity on the northern end of the Russian front, from Dwinsk to Nowo Grodek. The heaviest fighting is in the neighborhood of Dwinsk, to the south of which the Germans have had some success. On the whole, however, the Russians have been able to withstand their assaults. The Germans have succeeded in crossing the Vilsa, north of Smorgon, enabling them to co-ordinate their forces north and south of that point.

The concentration of considerable German forces in the vicinity of Tarnopol, in Galicia, about 25 miles south of the frontier, is believed here to be due to political conditions in the Balkans rather than to an intention of menacing Kiev. Comparative quiet prevails throughout the southern fighting area.

MRS. ELIZABETH COWARD SENTENCED TO DEATH

Clinton, Oct. 8.—After an hour's deliberation, a jury at the assizes here last night found Mrs. Elizabeth Coward guilty of the charge of murdering her husband, James Coward, on the family's pre-emption near Fort-St. James, on September 6 last. She was sentenced to be hanged at Kamloops on December 23.

Vancouver, Oct. 7.—That he had undertaken to kill two Sikhs for \$100 was the sensational admission made under cross-examination on the witness stand at the assizes before Mr. Justice Gregory by Jagat Singh, who was charged with having murdered Rattan Singh on Granville street on March 18.

TRAIN ROBBERS GOT MILLION AND HALF

Washington, Oct. 8.—High officials of the treasury department admitted to-day that the two bandits who held up and robbed a Baltimore & Ohio train near Central station, W. Va., last night, secured a million and a half dollars in currency.

One million of this is in federal reserve banknotes, which are easily negotiable, and the remainder in unsigned banknotes, signatures to which can be forged easily, and the notes passed with little danger of detection.

ARRESTS IN BULGARIA.

London, Oct. 8.—A dispatch to the Exchange Telegraph Company from Budapest says: "The newspaper Azest says it has learned from Sofia that wholesale arrests of the leaders of the Agrarian party are taking place and that the government is prepared to take stern measures to crush all domestic attempts to impair Bulgarian unity."

165,000,000 FEET.

Tacoma, Oct. 8.—It is reported here that Britain has ordered 165,000,000 feet of lumber from British Columbia mills, the contract providing that it must be cut and sawed there.

ATTENDANCE FIGURES.

Philadelphia, Oct. 8.—The official attendance was 19,343. Total receipts \$51,066. National Commission's share, \$5,106.60. Players' share, \$27,975.54. Each club's share \$9,191.83.

GRANBY CONTINUES TO CLIMB ON EXCHANGE

Lucky Jim Also Higher but Coronation Had Lower Bid

Granby gained one dollar and Lucky Jim one cent a share. These two led the list in interest. Coronation Gold suffered a setback. For some sessions this issue has given some hint of easing off, not so much on deliberate weakening motives as on dullness in inquiry in the immediate market. At the same time offers were not reduced for the season. Speculative enthusiasm in the list was not much to the fore.

GOVT. WHEAT REPORT GIVEN BEAR CONSTRUCTION

(By F. W. Stevenson & Co.)
Chicago, Oct. 8.—The opening market was met with heavy selling by holders who gave the government report a bearish construction. A crop expert advised from Saskatchewan that the Canadian crop is in about the same condition as the American winter crop, having been damaged by rains. Threshing is a month late, with shock losses heavy. The decline put the market in a healthier position. Frost undoubtedly has lowered the quality and damaged corn to a considerable extent. The cash article was in good demand. The market dragged with wheat.

JAPANESE FACTORIES HUM WITH ORDERS

Demands for War Munitions From Russia Stimulate Fabrication of Material

Japanese exchanges to hand on the Aki Maru yesterday give considerable space to Japan's place in providing munitions of war for Russia. The Russian demands are enormous in this direction. The Japan Daily Mail says in part:

"A certain steel works is understood to have received an order for a certain number of big guns from Great Britain. The same works is also reported to have been approached by a certain section with a proposal for the manufacture of projectiles for Russia. Throughout the country activity is seen now to rule on account of war orders from the allies, indeed, the iron works in almost all important industrial centres having been asked to co-operate in turning out arms and ammunition for the entente, Russia in particular. Private works contracting for the supply of the allies' munitions, however, are mostly unprepared and have to start the installation of plants first, and, therefore, it is believed, it will be some time before they can actually work for the allies in the west.

"Activity is shown also in Chosen where shoes and boots are made for Russia. Recently a certain official has gone over to Chosen to direct the transportation of the first shipment, estimated at 20,000 pairs of shoes and boots. Other shipments will, it is reported, follow very soon.

"In Osaka new enterprises have already been started for manufacturing different kinds of war materials. A few years ago nobody would have thought of starting private undertakings of that kind. Even if an attempt were made the authorities would not have permitted its success. But now the military authorities are found to be extending every possible facility and encouragement and this new phenomenon is directly attributable to their desire to help Russia with necessary supplies to carry on the war.

"It is really remarkable that such a change has come over the attitude of the military authorities who are generally identified with conservatism and exclusiveness of the first order. This is considered to be one of the most striking effects of the present war, and before it is ended it is felt that Japan must be prepared to receive much more of the influence, causing unexpected transformations in various forms. The war in Europe has already caused not a few unexpected tendencies, among which the new attitude of the military authorities is certainly the most conspicuous. The influence of the war may extend to other quarters, and Japan in her endeavors to assist Russia and her allies may ultimately reap the benefit of realizing a remarkable progress in her manufacturing capacities when the war is ended.

"It is decided that a portion of the payment for supply by Japan of war munitions to Russia will be made by treasury bills of the Russian government. Nothing has yet been decided as to the terms of issue of those bills, but the principal banks of Tokyo and Osaka will form a syndicate with the support of the Bank of Japan to facilitate the issue of the Russian bills.

"The rate of interest is expected to be considerably higher than that of the treasury bills, but it is believed that the Russian bills will be accepted without any form of security or guarantee by a third party which was at first thought necessary. The period of redemption of those bills is expected to not shorter than two months and not longer than two years.

Commissioners will be appointed by the Russian government to arrange with the bankers at each issue of those bills respecting the rate of interest and the term of redemption. It is also believed that at least twenty per cent. of each payment by Russia will be made in cash.

HOME NURSING POPULAR

Great Interest in Classes Since Outbreak of War Reported at Meeting of Florence Nightingale Chapter

The popularity of the ambulance and home nursing classes among the women of Victoria was fully testified to by Mrs. Wallace Grime in her report before the monthly meeting of the Florence Nightingale Chapter, I. O. D. E., on Monday afternoon at the Y. W. C. A. rooms. Mrs. Beckwith presided at the meeting in the absence of the regent. Mrs. Grime reported that the membership of these classes had doubled since the war commenced. Three full classes, she stated, were being held. Two of them had been instructed by Dr. Hudson, one by Dr. Higgins. Seventeen names had been given for a new class in first aid, and eight names for one in home nursing. Mrs. Grime will be glad to receive the names of further intending students.

Mrs. Wilkinson now has charge of the maternity bags, and reported that two complete bags had been given out and that a letter of appreciation had been received from the Victorian Order of Nurses. Mrs. Hearn reported having made a number more caps for fitting up the bags.

It was reported that for fifteen cents it was possible to send five packets of newspapers to the wounded Canadians in hospital. Mrs. Morley and Miss Little reported in connection with this department, and stated that donations of papers would be welcomed at the United Service club, Fort street, which had already sent over a thousand papers. Thanks were expressed to all those who had given papers of monetary assistance toward the same end. Mrs. Wilkinson noted that three bolts of flannelette had been purchased

for Red Cross work, and the following articles made: 10 suits of pyjamas, 15 surgical aprons, and three hot water bottle covers.

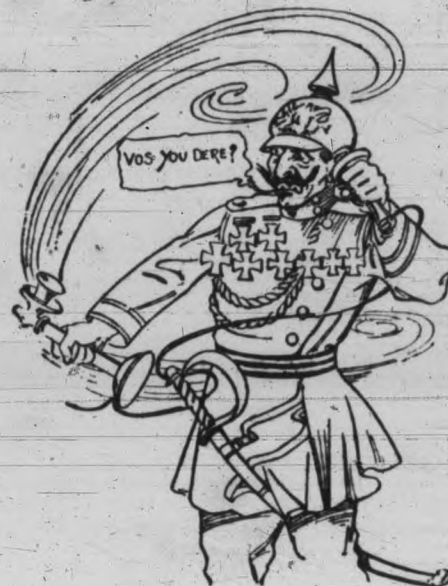

Mrs. Loveland stated that the Women's council was looking after a number of cases which required attention owing to the necessitous condition of families in the district. Members were reminded of the entertainment to be given at the Royal Victoria theatre tomorrow afternoon in behalf of the Australian cadets. Five new members were elected: Miss Nelson, Mrs. R. Rickaby, Mrs. W. Day, Mrs. Hargreaves and Mrs. Shaver.

It is better to sleep over what you are going to do than to be kept awake afterwards by what you have done.—Lord A. A. A.

LAND SETTLEMENT

Meeting at Development Association Office Yesterday on Subject of Aiding Soldiers to Be Farmers.

A meeting was held yesterday afternoon at the Victoria and Island Development association office of those interested in a closer settlement plan by which soldiers returning from the war zone may be helped. Those present represented a total of 40,000 acres of land on Vancouver Island. Another meeting is to be held later. Commissioner Cuthbert has received names of people who together own 70,000 acres of land and who profess an interest in the scheme.

Albert Carmichael spoke yesterday

on the possibilities of closer settlement, emphasizing the imperial aspect of the question. He said the opportunity for this province was a great one, as there no doubt would be many in Britain desiring to emigrate when the war ended. It would be wise, he thought, to be ready to attend to their wants when they arrived. He held that the present system of land settlement was unsuccessful, and advocated village settlement and co-operating in marketing produce.

Mrs. Harley (with a groan)—"Look at the bill, ten shilling for perfume—for mere odors that fade away and die!" Mrs. H.—"Yes, that fade away and die and go to meet the thirty-five shillings' worth of cigars you consume every month."

UNCLAIMED BALANCES IN CANADIAN BANKS

Moneys Lying to Credit of Depositors, Some Dead Nearly a Century

The annual volume containing a statement of the unclaimed balances and certified cheques, drafts, bills of exchange or dividends remaining unpaid in the chartered banks of the Dominion of Canada, for five years and upwards prior to Dec. 31, 1914, required to be published by the Bank act, has just been issued from the office of the king's printer at Ottawa. It is a bulky volume of six hundred pages, and in it is included every item standing in twenty-one banks and two large savings banks.

The aggregate amount of unpaid dividends and unpaid balances is less than it was at the end of 1913, but the amount unpaid in cheques, drafts and bills of exchange is some \$40,000 more than it was a year previous. The total of unpaid certified cheques, drafts or bills of exchange is \$214,304.34, \$270,185.56 and 72 cents, 45 centimes. In unpaid dividends, about 45,000 stockholders have never collected there is \$1,003,90, 47 1/2 cts. and 36 francs, 60 centimes. The amount lying to the credit of depositors as balances of accounts in which no transaction has taken place for five years or more is \$861,518.33.

The amounts of unpaid balances run from a few cents up to three or four thousand dollars. The greater number of these, naturally, are not over ten or twenty years old, but some of them date back to a time antedating the memory of any bank official living. The reason for their existence are numerous. The depositors have died and left no trace of their being money, or have moved away and forgotten all about it, or it may have been tied up by litigation or trusts for years and finally lost sight of. But the banks have been obliged to keep the accounts on their books, and to make a report every year to the department of finance at Ottawa.

The Bank of Montreal, for instance, which is the oldest bank in Canada, has the greatest number of very old accounts which have been forgotten forever, except by the bank and in the annual report, has an account at its head office in the name of J. Armour, who left a balance of \$10 there on September 26, 1819. For nearly a century now the office has been carrying this amount on its books. In connection with the erection of the statue of Queen Victoria in Montreal there has been a balance of \$5 standing since February 10, 1862. Since October 15, 1867, a balance of \$70 has stood to the credit of the mess of the 23rd Regiment, then stationed in the metropolis, the president of which was Captain George P. Prevost, a descendant of the famous Sir George Prevost. The Montreal Library, long since defunct, is credited with \$24.50 ever since September 26, 1828. The list might be added to indefinitely almost. In the Victoria branch there is lying about \$3,800, going back to 1899.

In the list of names of these long-forgotten depositors, are to be found those of several once well-known families and of business firms which were among the foremost in their day and known in London and New York as well as any of the leading firms of those cities of that time.

The St. Thomas, Ont., branch of the Molson's bank has twenty-three accounts on the books dating from 1876 on to 1881, ranging in amount from \$1,096 down to \$5, which were left in the latter year when Colin Munro, sheriff and official receiver, died. The bank had correspondence afterwards with George K. Munro, an executor of Sheriff Munro, but since his death on March 7, 1907, nothing further has been done.

The Merchants Bank of Canada has an account at its Daysland, Alberta, branch on which there is a balance of \$37.19 to the credit of F. W. Bryerton since April 4, 1904. The bank makes the note that the widow left there and is supposed to be in Grand Forks or Victoria.

In the Canadian Bank of Commerce there are balances lying since 1867, and there are accounts from the old Bank of British Columbia. The branch here has an account on which there has been no transaction since December 31, 1868, this being a balance of \$46.84 in the name of J. Wulke and B. S. Levy as assignees. At the Nelson branch \$656 stands to the credit of an unknown depositor since May 3, 1900, but as the records of the bank were destroyed in a fire it will probably never be known who the owner was.

The Montreal City and District Savings Bank has old balances standing since sixty years ago, the earliest being dormant since June, 1851. The Savings Bank of Notre Dame de Quebec similarly goes back to September, 1865. In both these savings banks most of the balances are for a dollar or two as a rule, although there are trust accounts for some considerable amounts, many of which are doubtless awaiting the coming of legal age of the youngest of groups of children.

The volume, like all blue books, possesses an interest in spite of the dryness of its information, in which assumed characteristic of official publication it has a forbidding aspect all its own.

"There has been times in my life," said he gloomily, "when I was tempted to commit suicide." "Oh, well," she said, "it's no use to grieve over the past. We can all look back and see where we've made mistakes."

Sandy was being entertained at a sold restaurant, London, and the dinner consisted of rich and fanciful dishes. "Well," he was asked, "what will you have next?" "Ah!" replied Sandy, thoughtfully, "I think I'll hev indigestion!"

LOCAL OFFICER IS PROMOTED IN RANK

Major C. A. Forsythe, O.C., 50th Gordon Highlanders, Gazetted Lieutenant-Colonel

Another popular promotion in local military circles is announced. This is that Major C. A. Forsythe, officer in command of the 50th Gordon Highlanders, has been brevetted lieutenant-colonel.

When the war broke out Major Forsythe held captain's rank in the 50th regiment. Lieut.-Col. Currie being in command. On the departure of the latter for Valcour with the first detachment of Highlanders for this city destined for overseas service, the command fell to Major Forsythe. This officer, however, received a commission in the 30th battalion, C. E. F., and left last February for England. He was succeeded in the 50th by Major (then Captain) Forsythe, who had

already been made adjutant in November, 1914, and who, on February 1 last, shortly after taking over command of the regiment, received his majority.

One of the keenest of the promoters of this Scottish regiment since its very inception, Lieut.-Col. Forsythe has been undaunted in his zeal in behalf of the unit. With a high ideal of military efficiency he has instilled something of his own spirit into officers and men alike, and has done much to promote enthusiasm for the service. His has been one of the most active of western garrison regiments in furnishing officers and men for overseas duty, and something over 1,500 of all ranks have passed from the 50th Gordon Highlanders into various units now actually at the front or waiting to go.

Lieut.-Col. Forsythe's first military experience was with the 1st Lanarkshire Rifles, Scotland, from 1899 to 1903. When the formation of a Highland regiment in Victoria was first seriously considered in the autumn of 1911 he was one of the nine local gentlemen appointed on the committee which brought the matter to practical issue. The announcement of the promotion of another of their officers will be received with very general satisfaction among all the officers and men who have had the good fortune to pass through the regiment.

Five brothers are serving with the colors in the present war.
